Sex in God's Temple - 15 Easy Ways to Understand Identify and Overcome Sexual Immorality and Emotional

Traps in Your Life was written as a practical "how to" book to help you end sexual and emotional entanglement forever. What is my motivation for writing this book why would you want to read it and apply it to your life? The Motivation : The incidence of believers becoming trapped in destructive entanglements

seems to have increased and continues to be a source of pain and heartache for singles and families alike. Sexual immorality knows no boundaries. Its insidious influence has spread into institutions and homes of well-intended people who seek to live moral Christian lives. The internet with all its goodies does not help matters at all. The internet has made the private consumption of illicit material possible through one's home computer or mobile device (Phone). Young and old alike can access not only pornography but also engage in virtual emotional relationship with complete strangers on the other side of the world. Even if physical contact never occurs the damage to a marriage can be devastating when the online relationship becomes enticingly important to one of the spouses. Children Young and old missionaries pastors or lay members are not immune to the invasion of pornographic content on devices that leaves images which usually lingers to

the point of getting entrapped. I have been called to advise on types of software that could help prevent these invaders from taking in more casualties. The television and movies continue to expose viewers to ever more tantalizing images and content that can draw us further into compromising lifestyles. We have engaged Christian authors that have proven scriptural practical solutions to avoid the pitfalls of sexual immorality. There are also real life stories that we can learn from in charting our own course. I have also realized from my own experiences after over 25 years of my Christian journey that rarely do we teach about sexual matters from our pulpit. Yet our homes which is the bedrock of society have suffered untold consequences as a result of the issue of sexual and emotional entrapment and entanglement either in marriages outside marriages in schools in our offices or our marketplaces and in the environment giving birth to Mee Too Movements Gender

Inequality struggles Sex for Marks in our Universities Sex for promotions in the workplace Sex for Transfer Sex for privileges Sex for Contracts etc. These developments come as a shock to many believers who are ill-prepared to handle such enormous temptations they have to endure which has led them to become victims of workplace pressures. There is a need for mentorship on this subject matter. The Why you would want to read it : It is written to help anyone especially Christians struggling secretly or publicly with any form of sexual immorality and emotional traps. None of us are immune from the temptations surrounding us.

Virginity in Young Adult Literature after Twilight

Christine Seifert 2015-01-27
Around 2005 something surprising happened in young adult literature: YA books became obsessed with presenting characters who wanted to have sex but couldn't—at least not without losing something vital to their identity. Since the publication

of Twilight, the YA market has been flooded with books that feature naive virgins finding true love. While some YA novels do present nuanced depictions of sex and of healthy sexual relationships, the fiction most popular with young adult readers presents adolescent girls as virginal sex objects waiting to be fulfilled by their love interests. In *Virginité in Young Adult Literature after Twilight*, Christine Seifert looks at an alarming trend in YA novels. Labeling this phenomenon “abstinence porn,” Seifert argues that these novels that fetishize virginité are harmful to readers. Like pornography, such works reduce female characters to objects whose sexual acts are the sole expression of their identities. Chapters in this book examine paranormal, dystopian, and contemporary romance, paying particular attention to recurring virginité themes or tropes. The book also provides an antidote by showing how some sex-positive teen novels provide more empowering messages to

readers. Organized by genre, the books were selected for this study based on their popularity with teens. Exploring how messages about virginité are sustained and repeated from text to text, this book also calls out key reader reactions to demonstrate how they are responding to these messages. Featuring a list of discussion questions, *Virginité in Young Adult Literature after Twilight* will be a valuable resource for teachers, librarians, parents, and mature young adult readers.
