Masterful Stories John V Pavlik 2017-02-24 The early eras of radio storytelling have entered and continue to enter the public domain in large quantities, offering unprecedented access to the Golden Age of Radio. Author and Professor John Pavlik mines the best this age of radio has to offer in *Masterful Stories*, an examination of the masterpieces of audio storytelling. This book provides a chronological history of the best of the best from radio's Golden Age, outlining a core set of principles and techniques that made these radio plays enduring examples of storytelling. It suggests that, by using these techniques, stories can engage audiences emotionally and intellectually. Grounded in a historical and theoretical understanding of radio drama, this volume illuminates the foundational works that preceded popular modern shows such as *Radiolab*, *The Moth*, and *Serial*. *Masterful Stories* will be a powerful resource in both media history courses and courses teaching audio storytelling for modern radio and other audio formats, such as podcasting. It will appeal to audio fans looking to learn about and understand the early days of radio drama.

Software Reuse: Bridging with Social-Awareness Georgia M. Kapitsaki 2016-05-20 This book constitutes the refereed proceedings of the 15th International Conference on Software Reuse, ICSR 2016, held in Limassol, Cyprus, in June 2016. The 21 revised full papers presented together with 4 revised short papers were carefully reviewed and selected from 51 submissions. The papers cover different areas of software engineering, where software reuse plays an important role, such as software product lines, domain analysis and modeling, software tools and business aspects of software. ICSR 2016 has provided a complete view on the advancements in the area of software reuse in the last years for interested researchers and practitioners.
