10. a solid, viscid, or liquid substance containing the essence or active substance of a food, plant, or drug in concentrated form: beef extract; vanilla extract. An extract is a substance made by extracting a part of a raw material, often by using a solvent such as ethanol, oil or water. Extracts may be sold as tinctures, absolutes or in powder form. Extract forms a kind of mirror image of abstract: more common as a verb, but also used as a noun and adjective. The adjective, meaning “derived or descended,” is now obsolete, as is a sense of the noun ... To draw out by effort; pull out. To extract a tooth, to extract a promise from someone. Investigators were able to extract useful information from the company's financial records. They are hoping to extract new insights from the test results. The machines extract the juice from the apples. ... To separate or eliminate, as a constituent part from the whole, as by distillation or heat, or other chemical or physical means: as, to extract spirit from cane-juice, or salt from sea-water. EXTRACT definition: 1. to remove or take out something: 2. to make someone give you something when they do not want.... Learn more. Definition of extract. English dictionary and integrated thesaurus for learners, writers, teachers, and students with advanced, intermediate, and beginner levels. EXTRACT definition: to get, pull, or draw out, usually with special effort, skill, or force. See examples of extract used in a sentence. To extract is to draw forth something as by pulling, importuning, or the like: to extract a confession by torture. To exact is to impose a penalty, or to obtain by force or authority, something to which one ...
