**Cracking the Timeline** Ruth Rosemary 2023-03-10 History versus science, history versus history, or history with science--who has it right? In this book, you will be challenged to think differently about BC history. Discover a calendar that is over five thousand years old and how the younger calendars go with it in this timeline. Discover a reason why different dates are assigned to the same event. Explore why the Second Temple of Judaism which stood partly BC and partly AD for about 420 years can have a start date in the 500s BC and 300s BC. Discover concurrent event reading of the Bible as it relates to history. Discover the accuracy preserved by forefathers and more. With the use of the Gregorian calendar beginning in the 1500s, we read BC history with dates that go backward as events move forward. This is exactly the opposite of our current dates where the dates move forward as events

move forward. In this book there is a BC to AD timeline of the Bible, some history and some prophesied events. As you read, you will go on a journey through history, and put together past and present through what was written down about events and prophesied events. 157

**High on the Mountain** B. V. Johnson 2014-07-30 High on the Mountain is a prophetic and historical documentation of the Jewish people. Four thousand years ago, the Jewish people were in an area which would, two thousand years later, be named by the Romans as Palestine. God made a covenant with Abraham and his descendants that the land would be theirs forever. Prophecy stated that the Jewish descendants would go into captivity. Four hundred fifty years later they were led from their Egyptian captivity and occupied the land of their fathers. High on the mountain of Moriah was a city called Jerusalem, which would become their capital city under David. There was also a thirty-five-acre plot of land that had been dedicated as the Temple Mount and would become known to the world as the holiest plot of land in the world. The Jewish people and their beloved city would survive until 587 BC, when they were taken into captivity by the Babylonians. They would return to the land that they considered their homeland. They were almost completely destroyed by the Romans in AD 70 and would be scattered throughout the world. The land became a desolation and unproductive just as prophecy had stated. Although they have been subjected to a multitude of attacks, cruelties, persecutions, and deaths by the millions, they would again return to their beloved land and become the Nation of Israel. They would reclaim their capital city of Jerusalem and the Temple Mount. A land that was said to be dead forever would again flourish and become productive. Why was this land so important? What is their claim to the

land? Who actually owns the land? How could a land become productive again and better than before? What has the prophetic word of God said about this land and these people? High on the Mountain will address all these questions and much more.

**Can We Still Believe in the Rapture?** Mark Hitchcock 2018-01-02 Christian Fiction... or Biblical Fact? Today, the hope that all believers on earth will be "caught up" to heaven is being challenged in new waves of criticism. Is the rapture really taught in the Bible? Can we really expect Jesus to gather up His followers before the Antichrist is revealed? In this well-reasoned and thorough defense, prophecy authors Mark Hitchcock and Ed Hindson examine the concept, context, and consequences of the important and long-expected event known as the rapture. Discover the answers to such questions as... What is the rapture—and is there any historical precedent for it? Why do some believers object to the idea of a rapture? Does the timing of the rapture really make a difference? As you explore what Scripture says about the end times, you'll get a grander glimpse of your glorious future and the deepest hope of every follower of Jesus.
