After The Celebration Ken Gelder 2009-01-01 After the Celebration explores Australian fiction from 1989 to 2007, after Australia's bicentenary to the end of the Howard government. In this literary history, Ken Gelder and Paul Salzman combine close attention to Australian novels with a vivid depiction of their contexts: cultural, social, political, historical, national and transnational. From crime fiction to the postmodern colonial novel, from Australian grunge to 'rural apocalypse fiction', from the Asian diasporic novel to the action blockbuster, Gelder and Salzman show how Australian novelists such as Frank Moorhouse, Elizabeth Jolley, Peter Carey, Kim Scott, Steven Carroll, Kate Grenville, Tim Winton, Alexis Wright and many others have used their work to chart our position in the world. The literary controversies over history, identity, feminism and gatekeeping are read against the politics of the day. Provocative and compelling, After the Celebration captures the key themes and issues in Australian fiction: where we have been and what we have become.

Cloudstreet Tim Winton 2013-11-26 " Cloudstreet gets you inside the very skin of postwar working-class Australians the way Joyce makes you feel like a turn-of-the-century Dubliner." —Elizabeth Ward, The Washington Post After two separate catastrophes, two very different families leave the country for the bright lights of Perth. The Lambs are industrious, united, and—until God seems to turn His back on their boy Fish—religious. The Pickleses are gamblers, boozers, fractious, and unlikely landlords. Change, hardship, and the war force them to swallow their dignity and share a great, breathing, shuddering house called Cloudstreet. Over the next twenty years, they struggle and strive, laugh and curse, come apart and pull together under the same roof, and try as they can to make their lives. Winner of the Miles Franklin Award and recognized as one of the greatest works of Australian literature, Cloudstreet is Tim Winton's sprawling, comic epic about luck and love, fortitude and forgiveness, and the magic of the everyday. "Winton is a one-man band of genius." —Carolyn See, Los Angeles Times "Nothing short of magnificent . . . A wonderful read." —Andrew Yule, Time Out (New York) "[A] marvelous postmodern novel of family life . . . One of those rare novels that warm the heart, as well as spark the imagination." — Kirkus Reviews

Storymen Hannah Rachel Bell 2009-11-04 What do the artistic works of acclaimed author Tim Winton and eminent Ngarinyin lawman Bungal (David) Mowaljarlai have in common? According to Hannah Rachel Bell they both reflect sacred relationship with the natural world, the biological imperative of a male rite of passage, an emergent urban tribalism, and the fundamental role of story in the transmission of cultural knowledge. In Bell's four decade friendship with Mowaljarlai, she had to confront the cultural assumptions that sculpted her way of seeing. The journey was life-changing. When she returned to teaching in 2001 Tim Winton's novels featured in the curriculum. She recognised an eerie familiarity and thought Winton must have been influenced by traditional elders to express such an 'indigenous' perspective. She wrote to him. This resulted in 4 years of correspondence and an excavation of converging world views - exposed through personal memoir, letters, paintings and conversations and culminating in Storymen.

Exploring Suburbia Nathanael O'Reilly 2012 Exploring Suburbia is the first book-length study of suburbia in Australian literature; it addresses a long-neglected and underexamined area within Australian literature and analyzes novels by some of Australia's most important writers from a new perspective, in addition to examining novels previously neglected by critics. This book provides new insights and perspectives on fourteen Australian novels, several of which are canonical works that have been analyzed extensively by other scholars. This study will lead to a reassessment of the novels and authors under discussion and prompt further research into suburbia in Australian literature. It demonstrates that that the authors who have explored suburbia since 1961 have already moved Australian literature in a new direction, away from the traditional focus on the bush and the city, demonstrating that the literal and theoretical space between the city and the bush contains the most interesting and important engagements with contemporary Australian culture. Exploring Suburbia is an important addition for collections in literature. It will also be an excellent textbook for professors teaching courses on space and culture in literature. It will also, of course, be an essential read for courses in Australian and international literature.

Cloudstreet Tim Winton 2010 The great Australian novel is now one of our finest television miniseries. Twenty years after its publication, Australia's favourite novel has finally come to life on the screen. Adapted for television by Tim Winton and Ellen Fontana, Cloudstreet is a rambunctious saga of haunting, loving and letting go. This companion to the miniseries includes the complete shooting script, an essay by producer Greg Haddrick on the process of adaptation, and scores of evocative photographs from the production.
