Cuaderno de Ejercicios Mirta A. Gonzalez 1997 Due to widespread

demand, the popular textbook Español Para El Hispanohablante en los Estados Unidos now has a workbook specifically written to accompany it. Like the parent text, Cuaderno De Ejercicios is aimed at Spanish speakers who live in an English speaking country and wish to learn to write Spanish. Cuaderno De Ejercicios emphasizes orthography and developing the students' reading and writing skills. The new workbook makes it easier for instructors currently using Español Para El Hispanohablante en los Estados Unidos in their classes by supplying exercises to reinforce lessons. Because the appendix contains answers to exercises, it is also perfect for students who are teaching themselves. La enseñanza del español a hispanohablantes María Cecilia Colombi 1997 This volume establishes guidelines and sets a foundation for future directions in teaching Spanish to native speakers. Leading scholars in the field address key issues faced by this growing segment of students, teachers, and researchers: the realities of the classroom, how to teach language through culture, whether a standard variety of Spanish exists, and whether it should be taught in the classroom. A discussion of the status of teaching Spanish to native speakers throughout the U.S. and recommendations for future action rounds out this important and timely book.

Manual para la formación de profesores de español Cristina Sanz
2025-05-06 “Arraigado en el nexa entre la investigación y su aplicación, este volumen innovador constituye una obra clave para identificar las

mejores prácticas en la formación docente de profesores de español.”
—BÁRBARA LAFFORD, profesora emérita de español de la Universidad Estatal de Arizona, Estados Unidos El español lo hablan más de 42 millones de personas en Estados Unidos, lo que lo convierte en la lengua minoritaria con el mayor número de hablantes en los EEUU y la segunda lengua más estudiada de este país y del mundo. A medida que el número de estudiantes de español de herencia (HL) y de lengua segunda (L2) aumenta, la necesidad de capacitar a los instructores en pedagogías efectivas y basadas en evidencia nunca ha sido mayor. Escrito íntegramente en español, Manual para la formación de profesores de español es un recurso innovador que prepara tanto a docentes ya en servicio como a estudiantes en cursos universitarios avanzados de español, en programas de certificación para una carrera en la docencia del español como HL, L2, y en entornos mixtos HL/L2. Dividido en dos partes, el Manual ofrece primero la perspectiva histórica necesaria para comprender la investigación actual y las prácticas de vanguardia, explica los conceptos fundamentales del aprendizaje y la enseñanza de una HL/L2, y aplica luego estos conceptos a la enseñanza de las cuatro habilidades (leer, escribir, comprender, hablar) y a la evaluación. Cada capítulo contiene una gran cantidad de herramientas pedagógicas que facilitan la preparación de los programas de estudio y las clases, tales como ejercicios de comprensión, reflexión y aplicación para evaluar el dominio de los conceptos de los estudiantes de todos los niveles.
