

# Human Resource Management Dessler 13th Edition

*Human Resource Management* Diann R. Newman 1998 *Human Resource Management: A Customer Oriented Approach* addresses the needs of human resource management in the hospitality industry. Drawn from industry research and developments in real organizations, the book presents a comprehensive and practical discussion of the human resource issues unique to the hospitality industry. Dedicated to identifying and addressing customer needs, developing outstanding service, and maintaining total quality service; the book presents the role of HRM activities and provides applications of those functions to improving service, productivity, and profit. It presents total quality management in a practical manner so readers can apply these ideas in the workplace. And it emphasizes diversity, ethics, discrimination, and the ways hospitality managers address these issues. A valuable reference for any manager in a hospitality business seeking to improve the functioning of that organization.

*Essentials of International Human Resource Management* Lazarova, Mila 2021-09-09 The revised and fully updated second edition of this textbook illustrates the multi-layered knowledge accumulated in the field of international human resource management, developing understanding of the strategic management of people in organizations in a global context. It integrates comparative approaches to human resource management, extending beyond traditional coverage of the field to provide a

broader overview of contemporary cultural, institutional and organizational challenges. *The Palgrave Handbook of Breakthrough Technologies in Contemporary Organisations* Mahmoud Moussa 2025-03-08 This handbook traverses the broad spectrum of ICT management, engaging readers to consider not only the beneficial transformations triggered by these technologies but also the organisational challenges they present. From the disruption brought about by machine learning to the vast opportunities unleashed by the evolution of big data analytics to the revolution of financial technology (FinTech), this handbook offers a thorough and comprehensive journey through the landscape of ICT. The focus is not solely on the breakthrough technologies themselves, but the intricate patterns of their evolution, adoption, management, and the subsequent ripples they create in the organisational fabric. The handbook challenges current views, provokes new insights, and inspires a futuristic view of managing ICT in the ever-evolving business landscape.

## **Research Anthology on Human Resource Practices for the Modern Workforce**

Management Association, Information Resources 2021-12-30 Human resource departments have been a crucial part of business practices for decades and particularly in modern times as professionals deal with multigenerational workers, diversity initiatives, and global health and economic crises. There is a necessity for human resource departments to change as well to adapt to new societal perspectives, technology, and business practices. It is important for human resource managers to keep up to date with all emerging human resource practices in order to support successful and productive organizations. The *Research Anthology on Human Resource Practices for the Modern Workforce* presents a dynamic and diverse collection of global practices for human resource departments. This anthology discusses the emerging practices as well as modern technologies and initiatives that affect the way human resources must be conducted. Covering

topics such as machine learning, organizational culture, and social entrepreneurship, this book is an excellent resource for human resource employees, managers, CEOs, employees, business students and professors, researchers, and academicians.
