External Interventions for Disaster Risk Reduction Imon Chowdhoree 2020-08-29 This book presents a case study-based analysis of the consequences of external interventions, critically evaluating them from community perspectives. Communities - from rural to urban, and around the world - that are experiencing disasters and changes in climatic variables can perceive the associated risks and evaluate the impacts of interventions. Accordingly, community perspectives, including their perceptions, concerns, awareness, realizations, reactions and expectations, represent a valuable resource. The case-based analysis of

impacts on communities can provide a 'means of learning' from the experiences of others, thus expanding professionals' knowledge base, especially regarding disaster mitigation and climate change adaptation practices in varied settings. This book offers valuable insights and lessons learned, in an effort to promote and guide innovative changes in the current planning, management and governance of human settlements, helping them face the future challenges of a changing environment.

social policy in Muslim countries across the world and the status and role of Islamic teachings in such policies. It fills a gap in the literature by reviewing and comparing the experience of several Muslim countries from across the world. The existing social policy literature lacks a comprehensive appraisal of the social policy scene in Muslim societies, especially from a comparative perspective. This book will be of interest to a wide audience in the academic and policy forums related to and interested in Muslim societies and communities.

Pain Jahangir Alam Akash 2011-01-25 It is now 39 years that Bangladesh is an independent country. But the rule of law, honest administration and the culture of democracy are still far cry! Common people are searching

peace. Militancy, extra judiciary murders, maladministration, party-attribution, terror, corruption are closing the path of progress. Religious and indigenous minority killings-oppressions are hindrances to the amity. The murders of Journalists are robbing the opportunity of free reporting. All these current problems and crisis are well depicted through the pen of Journalist-Akash.

This young writer is a courageous soldier of peace and democracy. This book is a reflection of Bangladesh-reality. The international community will definitely get a transparent picture of Bangladesh in the book. Peace, people's government, real democracy and the rule of law are all golden-deer in Bangladesh. The religious fanaticism, innumerable superstitions, lack of education, poverty, corruption, immorality, have now strongly established the criminality everywhere. Disunity, unfairness, oppression, torture, killing-murder, terror, activities

of the communal fundamentalists have crashed the people on the ground! Muslims, Hindus, Buddhists, Christians live here. People of all religions unitedly have fought for the independence of Bangladesh and shed blood. With enormous sacrifices under the leadership of Bangabondhu (late) Sheikh Mujibur Rahman, The nation got one nice secular constitution. After only 4 years after the independence of Bangladesh, father of the nation, Sk Mujibar Rahman, was killed brutally with most of his family members. Through a planned way the following governments of General Ziaur Rahman and General H.M. Ershad have amended, revised and changed many times the original constitution of Bangladesh and have made it almost a farce! Islam was declared as the 'State-Religion'. Although Bangladesh has people from four religions! But such a radical change of the former secular Constitution was a heinous dishonour to the holy constitution! Through

these measures religious fanaticism and communalism were given a state Formulate Contour. In the name of Islam the religious fundamental militancy has become now the greatest problem of Bangladesh. It is about now about 38 years after the independence, but the war criminals of Al- badr, Al-Shams, Rajakars and the murderers who were directly related with the genocide during the struggle for independence have not yet been put into the trial. The Political Party, Jammat-e- Islam is regularly igniting the fire of communalism in the name of Islam. Communal-politics is not banned in the country. State-terror like killings extra-judicial are going on without end. All devouring corruption is the greatest obstacle for the fulfillment of the basic rights of the people. The afflictions of religious minorities are a day to day affair. In the society, a privileged class is making mountains with money. On the other side, majority people, not less than 95%, are becoming

poorer everyday. Religious minorities and the indigenous people are deprived of constitutional rights. Including the father of the nation, hundreds of politicians, journalists, lawyers, judges, members and common people have been killed. Different state-controlled armed cadres have created an extreme fearful and inhuman situation by their killings of innocent people, tortures and oppressions. Within 38 years of independence, the country was under the military rulers for long 17 years. People were pushed to the dark-wild-administration and its persecutions. Torture-murders and planned genocide, crime and the incidences of the militancy are never inquired properly and effectively. Of course after the event, government announces for inquiry and committees are also formed. ,Whoever is the criminal, he would be definitely punished', such promises are heard from the top label of the government or from the concerned authorities
