*Leadership for Recreation, Parks, and Leisure Services* Christopher R. Edginton 2005 This third edition is unique. In the first edition, entitled *Leadership in Recreation and Leisure Service Organisations*, the authors organised the effort into separate theoretical and practical applications sections that covered a variety of direct service areas. The second edition was split into textbooks, *Leadership in Recreation and Leisure Service Organisations* and *Leadership for Recreation and Leisure Programs and Settings*. The current effort focuses on bringing together a number of interrelated elements that influence leadership in recreation, parks, and leisure service organisations. The first part of the book discusses the work of leaders and includes presentation of theoretical and foundational

information. The second part focuses on leaders in groups. Finally, the third part is dedicated to leadership elements in a number of recreation, parks, and leisure service settings. Leadership in Recreation, Parks, and Leisure Services also features many distinctive pedagogical elements. The authors have identified learning objectives and key terms at the beginning of each chapter. This will be useful in helping students focus their attention to the intent of each chapter. In addition, each chapter has marginal quotations featuring perspectives from notable individuals. These quotations will provide heightened awareness and understanding of the subject matter. Also featured in each chapter is an outstanding leader in the recreation, parks, and leisure service field. These vignettes, known as A Legacy of Leadership, feature historic and current figures in the recreation, parks, and, leisure service field. Further, leadership perspectives from professionals across the United States are included in the section entitled Leadership: A Point of View from the Profession. Each chapter is concluded with discussion questions, a case study, and experiential learning experiences from which students can explore and analyse their own thinking, engage in problems-solving strategies, and reflect upon their own thinking regarding leadership.

**Integrated Risk Management for Leisure Services** Robert B. Kauffman 2013-01-30 Integrated Risk Management for Leisure Services provides both students and professionals with a systematic approach to safety. By integrating risk management, accident prevention, and emergency response with information on legal liability, Integrated Risk Management for Leisure Services enables leisure service providers to implement strategies to reduce or eliminate bodily injury, property damage, and financial loss. Integrated Risk Management for Leisure Services uses a four-phase integrated risk management model. The first three phases focus on negligence, the accident process, and risk management plans to reduce or eliminate injury, damage, or loss. The fourth phase focuses on what to do after an incident occurs to reduce the impact of injury, damage, or loss. Integrated Risk Management for Leisure features several unique aspects for students and professionals in the recreation and park field. It covers safety prevention and accident processes in the recreation and parks field. Then it addresses how to manage the post-incident situation to reduce impacts. Last, the text integrates these two new areas with the traditional areas of legal liability and risk management planning in an effort to provide safer recreation and park programs.
