Money, Markets, and Trade in Early Southeast Asia Robert S. Wicks 1992 Money places an explicit value on all things and this work by Robert S. Wicks explores the impact of monetization in premodern Southeast Asia from the third century BC to the rise of Maleka in the early fifteenth century. Ideas about money developed unevenly throughout the region and the author, in seven case studies written in a highly narrative style, explores why this was so. He considers trade policies, price controls, exchange ratios, monopolies, variant standards of value, and the administrative complexity necessary for such economic complexity. Reproduced data, maps, tables, and figures display the intertwining of anthropology, archeology, history, culture, and economics. -- Amazon.com.

The Rising Sun John Toland 2014-11-26 "[The Rising Sun] is quite possibly the most readable, yet informative account of the Pacific war."—Chicago Sun-Times This Pulitzer Prize-winning history of World War II chronicles the dramatic rise and fall of the Japanese empire, from the invasion of Manchuria and China to the atomic bombing of Hiroshima and Nagasaki. Told from the Japanese perspective, The Rising Sun is, in the author's words, "a factual saga of people caught up in the flood of the most overwhelming war of mankind, told as it happened—muddled, ennobling, disgraceful, frustrating, full of paradox." In weaving together the historical facts and human drama leading up to and culminating in the war in the Pacific, Toland crafts a riveting and unbiased narrative history. In his Foreword, Toland says that if we are to draw any conclusion from The Rising Sun, it is "that there are no simple lessons in history, that it is human nature that repeats itself, not history." "Unbelievably rich . . . readable and exciting . . . The best parts of [Toland's] book are not the battle scenes but the intimate view he gives of the highest reaches of Tokyo

Chasing the Rising Sun Ted Anthony 2007-07-13 Chasing the Rising Sun is the story of an American musical journey told by a prize-winning writer who traced one song in its many incarnations as it was carried across the world by some of the most famous singers of the twentieth century. Most people know the song "House of the Rising Sun" as 1960s rock by the British Invasion group the Animals, a ballad about a place in New Orleans -- a whorehouse or a prison or gambling joint that's been the ruin of many poor girls or boys. Bob Dylan did a version and Frijid Pink cut a hard-rocking rendition. But that barely scratches the surface; few songs have traveled a journey as intricate as "House of the Rising Sun." The rise of the song in this country and the launch of its world travels can be traced to Georgia Turner, a poor, sixteen-year-old daughter of a miner living in Middlesboro, Kentucky, in 1937 when the young folk-music collector Alan Lomax, on a trip collecting field recordings, captured her voice singing "The Rising Sun Blues." Lomax deposited the song in the Library of Congress and included it in the 1941 book *Our Singing Country*. In short order, Woody Guthrie, Pete Seeger, Lead Belly, and Josh White learned the song and each recorded it. From there it began to move to the planet's farthest corners. Today, hundreds of artists have recorded "House of the Rising Sun," and it can be heard in the most diverse of places -- Chinese karaoke bars, Gatorade ads, and as a ring tone on cell phones. Anthony began his search in New Orleans, where he met Eric Burdon of the Animals. He traveled to the Appalachians -- to eastern Kentucky, eastern Tennessee, and western North Carolina -- to scour the mountains for the song's beginnings. He found Homer Callahan, who learned it in the mountains during a corn shucking; he discovered connections to Clarence "Tom" Ashley, who traveled as a performer in a 1920s medicine show. He went to Daisy, Kentucky, to visit the family of the late high-lonesome singer Roscoe Holcomb, and finally back to Bourbon Street to see if there really was a House of the Rising Sun. He interviewed scores of singers who performed the song. Through his own journey he discovered how American traditions survived and prospered -- and how a piece of culture moves through the modern world, propelled by technology and globalization and recorded sound.
