

The Decay Of The Angel

The Angel's Corpse P. Colilli 1999-10-28 With the great merit of Aristotle's Poetics, poetic logic became a theoretical activity endowed with a philosophical nature allowing it to be more philosophical than the pure representation of existence. Today, however, the theoretical status of poetic logic has been greatly demoted. The Angel's Corpse restores to poetic logic (or lyric philosophy) the cognitive and epistemological significance attributed to it by Aristotle. The Angel's corpse (the central metaphor in this restoration) is a sign-post beyond which there exists an uncharted terrain of human signification. This terrain is expressed in terms of lyric philosophy and its universal trait is a shocking into reawakening, which is linked to the dissolution of the repetitive logic of history. With this book, Colilli aims to bring to life the traits that are close to the Angel and which amount to a new philosophy of culture and interpretation. This philosophy is free from the ideological burden of previous systems, but pivots its cognito-epistemological premises on the idea of reawakening.

2008-10-23 'Tis the season...for miracles? Renée Sweeney will do whatever it takes to keep a roof over the heads of Detroit's street kids. Even if it means stepping in front of a ten-ton wrecking ball aimed at their temporary home. And especially if it means clashing with gorgeous corporate cowboy Duke Dalton. To Duke, the blue-eyed blonde seems more like an angel than a social worker. Until he discovers a group of runaways camping out in his warehouse! The Tulsa businessman came to set up shop in a new town, not provide free housing for the masses. But Renée and the kids are making him rethink his bottom line...and what the spirit of the Christmas season really means.

The Decay of the Angel Yukio Mishima

1990-04-14 The final installment of the masterful tetralogy, *The Sea of Fertility*, finds Shigekuni Honda an elderly wealthy man in the 1960s, adopting a teenage orphan whom he is convinced is the reincarnation of his childhood friend. • "One of the best final scenes in the history of the novel." —David Mitchell, *The New York Times Book Review* Honda, now an aged and wealthy man, once more encounters a person he believes to be a reincarnation of his friend, Kiyooki Matsugae—this time restored to life as a teenage orphan, Tōru. Adopting the boy as his heir, Honda quickly finds that Tōru is a force to be reckoned with. The final novel of this celebrated tetralogy weaves together the dominant themes of the previous three novels in the series: the decay of Japan's courtly tradition; the essence and value of Buddhist philosophy and aesthetics; and, underlying all, Mishima's apocalyptic vision of the modern era.

Angel in the Sun Gerald Finley 1999-03-10

Turner was deeply affected by the world in which he lived, the sciences that explained it, and the conflicts and accomplishments of his society. He wove these strands into the dense fabric of the historical pictures he created, pictures that were extremely varied, complex, original, and controversial. In *Angel in the Sun* Gerald Finley untangles the various thematic strands running through Turner's art, including the intersection of private and public histories, classical and biblical history and contemporary events, and science and religion, and shows how Turner's use of light and colour played an important role in conveying these ideas. *Angel in the Sun* includes over 130 illustrations in colour and black and white that reveal Turner's remarkable achievement as a painter of historical subjects. Because of its interdisciplinary nature, the book will appeal not only to art historians and landscape theorists but also to historians of science and literature.

aren't about Steve Wynn, Cirque du Soleil, or how to play poker and they aren't set in Caesars Palace, XS nightclub, or a 2,000-seat showroom. They're about prostitutes, ex-cons, and the homeless and they're set under Caesars Palace and in trailer parks and weekly motels"--Back cover.

Angel of Rage (Chronicles of the Creator) Colin Chadwick 2011-12-28 Chronicles of the Creator Over two thousand years ago, the goddess Syalonis was betrayed by the evil machine god Morgatan. During the confrontation the goddess was ambushed and her consciousness was shattered into a thousand pieces to be scattered through her galactic body. Now, the last vestige of her awareness hides on the isolated world of Dragonsbreath as she tries vainly to recover. The fallen-angels have arrived on Dragonsbreath and as they harvest the souls of the population, some actively seek Syalonis. As the goddess hides, she urges her reluctant saviour, Tan, to flee the advance of the fallen. Angel of Rage Tan has been warned by his guard daughter of the presence of the fallen-angels. It is vital that he escape from the advance of the fallen but he remains oblivious to their presence. After his companions witness the fall of several cities and he sees the devastation of one city with his own eyes he finally starts to understand that something is amiss. He needs to react quickly but, unfortunately, the most vicious of fallen-angels, the insane Angel of Rage, Arteekee, is bringing her fleet to him.

Each day's reading features a thought-provoking quote, ideas for reflection, exercises, and an inspiring angel blessing. The authors encourage us to learn to love ourselves no matter what mistakes we've made. "May you always make mistakes," they advise, "just not the

Faulkner and the Modern Fable Kiyoko Tōyama 2001-05-16 In *Faulkner and the Modern*

Fable, Kiyoko M. Tôyama offers an array of personal responses to the writings of William Faulkner as well as to those of several other major writers. While her response to Faulkner and other writers is personal, her research is based on years of active reading, thinking and teaching Faulkner. As a Japanese woman scholar, Tôyama has seen in his enterprise certain religious and family themes that are not as apparent to many Western readers and are, more importantly, critical to the understanding of his work. The seeming eclecticism of this book is not a consequence of its contents having been casually assembled. It is, rather, a reflection of the writer's broad range of interests, and all the chapters are approached from the viewpoint of Words and Deeds, essentials that comprise our life. The book, a work of literary criticism, was ultimately written in answer to the personal questions which the author asked herself: "Where am I from? Where am I now? and Where am I going?" The volume has been inspired by a desire to bring unity to her Japaneseness, her Catholicism, and her love of literature.
