**From Morality to Mayhem** Julian Lovelock 2018-10-25 The stories we read as children are the ones that stay with us the longest, and from the nineteenth century until the 1950s stories about schools held a particular fascination. Many will remember the goings-on at such earnest establishments as Tom Brown's Rugby, St Dominic's, Greyfriars, the Chalet School, Malory Towers and Linbury Court. In the second part of the twentieth century, with more liberal social attitudes and the advent of secondary education for all, these moral tales lost their appeal and the school story very nearly died out. More recently, however, a new generation of compromised schoolboy and schoolgirl heroes - Pennington, Tyke Tiler, Harry Potter and Millie Roads - have given it a new and challenging relevance. Focusing mainly on novels written for young people, *From Morality to Mayhem* charts the fall and rise of the school story, from the grim accounts of Victorian times to the magic and mayhem of our own age. In doing so it considers how fictional schools not only reflect but sometimes influence real life. This captivating study will appeal to those interested in children's literature and education, both students and the general reader, taking us on a not altogether comfortable trip down memory

lane.

**The Other in the School Stories** Ulrike Pesold 2017-03-27 In *The Other in the School Stories: A Phenomenon in British Children's Literature* Ulrike Pesold examines the portrayal of class, gender, race and ethnicity in selected school stories and shows how the treatment of the Other develops over a period of a century and a half. The study also highlights the transition from the traditional school story to the witch school story that by now has become a subgenre of its own. The school stories that are analysed include selected works by Thomas Hughes, Rudyard Kipling, Enid Blyton and J.K. Rowling.
