Connecting in a Digital World Kathryn Rentz 2010-01-19 Lesikar's Business Communication: Connecting in a Digital World, 12/e by Rentz, Flatley, and Lentz takes the solid foundational principles of this classic text and applies them to business contexts in the 21st century. While continuing to focus on careful problem analysis, adaptation of the message to the audience, and maintaining positive human relations, this edition discusses current challenges for business communicators and gives students practice meeting those challenges. Toward this end, the book maintains the realism, technological currency, and pedagogical effectiveness for which it has become well known and respected. As with previous editions, the 12th edition prepares students to communicate in the modern workplace by first providing extensive writing advice and then providing methodical analyses of the main forms of business communication. Along the way, it incorporates a multitude of real business examples, a wide

range of problem-solving cases, and a thorough treatment of technology's role in business communication. In addition to a full suite of teaching and testing materials, the book's Online Learning Center gives teachers easy access to an online blog, Bcomm Teacher Xchange, that will keep them abreast of the latest research and developments in the field while providing a host of practical teaching tips. Through its BC Resources link, the OLC also offers an extensive collection of Web links on multiple bcomm topics, from grammar to persuasion to research and teamwork.

Business Communication, 3rd Edition

Madhukar R.K. It is a comprehensive textbook especially designed for the students of commerce, management and other professional courses. It serves both as a learner's text and a practitioner's guide. It provides a sharp focus on all relevant concepts and cardinal principles of business communication and adds value to the reader's understanding of the subject. Following a need-based and sequential approach, the book is highly stimulating and leads students to communicate with élan and prepare for work place challenges.

Basic Business Communication Raymond V. Lesikar 2001-07-01 Lesikar and Flatley's, Basic Business Communication (BBC): Skills for Empowering the Internet Generation, has long been known as a solid introductory business communication book that gets to the writing skills sooner than most other texts and gives students true 'how-to' skills in all areas of business communication. It has solid examples, and is both consumer-and service-oriented. Its strength has also been its use of margin notes, cartoons and photos that relate to the concepts and use of cases. Recent editions have established BBC as truly cutting edge; it was the first text in the market with PowerPoint as part of its package, the first to have an online chapter, and with the 9th Edition is now the first to offer writing tips and templates for PDAs (personal digital assistants).).
