Adopted at birth, with scant knowledge of her biological family, she's created her own inner circle, a motley crew which includes her bestie Willow, to help her run the struggling but charming Apple Ridge Farm. With a farm-to-table café as well as a menagerie of rescued animals (complete with a baby goat who keeps escaping to the pantry to eat the secret stash of decidedly not organic potato chips), it's the best home she's ever known. But when the owner Silas, who they secretly call The Grinch, passes away, Luna discovers the farm is now under control of his investment manager, the enigmatic Jameson Hayes....and her. And that Silas had many, many secrets. Now Luna's carefully controlled corner of the world is threatened and she—along with some help from her friends—has to dig deep to find true strength and the real meaning of love and family.

So, on behalf of her estranged mother's estate—and with Heath in tow as the executor—Lexi embarks on a road trip to repay all the people her gambling addicted mother owed money to.
