More Than This Clare James 2018-05-25 Fall in love with Foster Sutton and Jules Taylor in this hot and heartwarming friends-to-lovers romance from Clare James' best-selling Impossible Love Series! It's all fun and games...until you live together. I bite my lip when Foster's tattoo peeks out from under his shirt. Yes, it is completely cliché. And yes, I do look like some kind of B-list p*rn star lusting after this man and going into heat every time he shows a little skin. But seriously, he is that delicious—which is why I occasionally succumb to his advances. He's also one of my best friends, so I really need to get it together. I'm not the only one. Foster is a mess, trying to figure out his own crap—usually over whiskey Cokes—and it's getting old. That's why I've finally made a vow to forget him and find something real. But when I'm hurt in a ridiculous bar fight and left with broken bones, I have no choice but to let him move in and help me out. It's a roommates only situation. Really...well, until it isn't. Impossible Roommates is a full-length, stand-alone romantic comedy that can be read on its own, or as part of the Impossible Love Series. The Impossible Love Series Includes: Before You Go More Than This After It Happened Spin-offs: Impossible Face-Off Impossible Truce Impossible Second Chance __ Topics: romance, roommates, hook-up, angsty romance, friends-to-lovers romance, new adult, college romance, forbidden romance, best friend romance, Clare James, alpha hero, romcom, contemporary romance, romance series, suspense, steamy romance, beach reads, college, forbidden love, romantic comedy, romantic suspense, hot romance, hot, book boyfriend, forbidden, standalone, standalone romance, page-turner, happy ever after, alpha, second chance romance, friends-to-lovers roommates romance, free book, free romance reads, new adult romance, romcom, freebie.

The Book of Manchester David Constantine 2024-10-08 Manchester has a reputation for being one of the UK's loudest cities. From its smoggy inception as the first industrial city to its proud traditions of protest and activism, to blazing a trail in the British music scene, the city has always been defined by an inexorable sense of urgency and activity. No wonder, then, that it feels compelled to shout so loudly about its accomplishments. In stark contrast, The Book of Manchester is more concerned with dialling down that sometimes deafening hubris. As international investment pours into the city, reshaping its skyline, these stories ask: at what cost? From the pair of homeless friends intent on shattering the 'Manctopia' property dream, to the middle-aged fangirl feeling abandoned by both her husband and her city, we follow the struggles of ordinary residents navigating a city in dramatic flux - stories of thrilling quietude that might otherwise be lost amid the roar and clamour.

Wire City Kalls Drew Rhys 2024-01-28 'A standout debut, clever, fast-paced, and a total blast ... a must-read for fans of noir, sci-fi, and conspiracy thrillers' READER REVIEW 'A fascinating slow-burn partnership that echoes Mulder & Scully in all the right ways' READER REVIEW * * * * * Dazzling metropolis. Capitalist dystopia. Welcome to Wire City... When hot-shot rookie investigator DC Kal Vickers accepts a mysterious invitation to swap his quaint London beat for the tech capitol of the world, he quickly realizes he's in way over his head: impossible technology; blatantly evil corporations; well-adjusted AIs with absolutely no hidden agendas ... just a few of the things his new partner, fiery technophobe Detective Julietta Brousse,

has zero interest in preparing him for. Team bonding will have to wait, as the unorthodox duo is thrown into action when infamous playboy tech tycoon Tyrell Gomes meets a grisly death in his penthouse office in the Tangle - the exclusive high-rise district at the center of Silicon Valley's neon sprawl, and the richest five mile square on Earth. As the detectives dig deeper into the city's dark heart they begin to unravel a shocking conspiracy that goes far beyond simple murder; a twisted story of profound love, insatiable greed, and ambition so boundless it could change the course of global history. Nothing in this corporate hellscape is as it seems, and with the stakes higher than they ever could have imagined, finding the killer becomes a race against time: Who would want Gomes dead? Why was he killed on the eve of his company's takeover by a fierce rival? And just what is the classified project that threatens to place the very future of humanity in the hands of quite simply the worst people imaginable? Perfect for fans of Blake Crouch, John Scalzi, and Cory Doctorow, don't miss the smart and witty transatlantic crime thriller that's The X-Files meets Chinatown by way of Beverly Hills Cop. This standalone book requires no further reading to enjoy. No form of artificial intelligence was used at any stage of the creation of this book or its cover. * * * * * 'The Valley ain't like anywhere else on the planet. Wire City cops deal with sh*t you wouldn't believe. Wild sh*t. Tech the rest of the world won't see for decades. Or ever ...' In an alternate timeline shaped by a catastrophic AI event, Silicon Valley has become not only the technological centre of the world, but the de facto seat of global political power; a sprawling megacity filled with weird tech, fringe science, and shadowy megacorporations led by egomaniacal CEOs vying for control of a hyper-capitalist dystopian America. An America with a puppet President in the White House and Big Tech pulling the strings. Where denial of an imminent climate disaster is not just encouraged, but enshrined by law. And where years of protectionist policies have resulted in calamitous levels of economic disparity, amplified by insatiable corporate greed. *Bulletin mensuel des récentes publications françaises avec un appendice contenant l'indication des cartes géographiques et des livres anciens nouvellement entrés au Département des imprimés* Bibliothèque nationale (France). Before You Go Clare James 2018-05-25 Discover the Impossible Love Series with the international best-selling romance novel that started it all. Perfect for fans of Tammara Webber and Colleen Hoover! A hook-up with a hot stranger from the local bar—what could go wrong? Yes, I know how it sounds, but trust me, I've thought it through. I've spent the entire summer thinking it through, and I've found the perfect place to begin—off the beaten path and, most importantly, far from campus. He's the one. I know it as soon as I spot him—an intellectual type reading a book with wild hair, square jaw, and what looks to be very kissable lips. He's what I've been waiting for. My summer of practice all comes down to this. A one-night-stand. And if I can go through with it, I can take control of my life and finally move beyond my past. But once I get my perfect stranger home and half naked? Nada. And when I see him again, it's not any better. I soon find out that he's not only a student at my new university, he's also my student advisor. Worse? This time, he's the one with the plan. Beautiful Salvation Piper Lawson 2022-07-26 Enjoy this steamy British billionaire romance novel from USA Today bestselling author Piper Lawson! “Marry me here. Now. In Vegas.” Trapped in a corner, my only way out was the ruthless billionaire who put me there. In the three years since, we’ve healed each other. We did things in the dark we’re not proud of, things that will forever be kept secret from the world. Those sins forged a bond as strong as the love that binds us together. King and Queen. Freedom and Salvation. Now, we have a chance at forever. And nothing—not a jewelry mystery, our friends’ hijinx, or The King himself—will steal it from us. BEAUTIFUL SALVATION is a Vegas wedding novella and should be read after BEAUTIFUL RUIN (Enemies #3). Don’t miss the steamy, delicious book readers are calling “the BEST POSSIBLE ending to Harrison and Rae’s story!” PRAISE FOR THE ENEMIES SERIES: “Beautiful Enemy has the spice of romance and brute force of a cage fight.
