Negotiating Opportunities Jessica McCrory Calarco 2018-02-01 In *Negotiating Opportunities*, Jessica McCrory Calarco argues that the middle class has a negotiated advantage in school. Drawing on five years of ethnographic fieldwork, Calarco traces that negotiated advantage from its origins at home to its consequences at school. Through their parents' coaching, working-class students learn to follow rules and work through problems independently. Middle-class students learn to challenge rules and request assistance, accommodations, and attention in excess of what is fair or required. Teachers typically grant those requests, creating advantages for middle-class students. Calarco concludes with recommendations, advocating against deficit-oriented programs that teach middle-class behaviors to working-class students. Those programs ignore the value of working-class students' resourcefulness, respect, and responsibility, and they do little to prevent middle-class families from finding new opportunities to negotiate advantages in school.

Reading Strategies and Practices Robert J. Tierney 2000 This book is a compendium of strategies; it is not a description of a single approach, nor is it intended to be eclectic. The inclusion of a strategy should not be perceived as our endorsement of that strategy. There are some strategies that we view as problematic; there are others about which we disagree.

Eleanor Summers 2014-10-06 Inspire your students with this brave story about racism and homelessness. The helpful journal topics offer extended writing activities and discussion prompts. Students come up with possible story ideas that could relate to the title, "maniac". Illustrate the scene between McNab and Maniac. Match quotes to the characters who said them. Students confront the idea of discrimination by

identifying some of the ways people discriminate against other people. Find proof from the story to support the different qualities inhabited by Maniac and Grayson. Give meaning to expressions from the story. Identify each expression as a simile or metaphor. Identify a major and minor problem that Maniac faces in the story and explain each in a paragraph. Aligned to your State Standards, additional crossword, word search, comprehension quiz and answer key are also included. About the Novel: Maniac Magee is a Newbery Medal winning-story about a young homeless boy running through town and the different people he meets along the way. Orphaned at the age of three, Jeffrey Magee runs away from his Aunt and Uncle eight years later. He finds himself in Two Mills, Pennsylvania, where he realizes the town is split in half—the East End and the West End. Running his way through the town, Magee learns of the hatred and racism that separates the two sides. Along the way, he meets a wide range of interesting characters, and even develops a legend for himself, earning him the nickname "Maniac". He endures hardships while moving from place to place, eventually finding a home in a buffalo pen at the zoo.
