Days of peace and war before 1914. My youth  
Paul von Hindenburg 1921

*Genetic Studies of Genius ...: The promise of youth; follow-up studies of a thousand gifted children, by B. S. Burks and others* 1930

Handbook of Youth Mentoring David L. DuBois  
2013-04-30 This thoroughly updated Second Edition of the Handbook of Youth Mentoring presents the only comprehensive synthesis of current theory, research, and practice in the field of youth mentoring. Editors David L. DuBois and Michael J. Karcher gather leading experts in the field to offer critical and informative analyses of the full spectrum of topics that are essential to advancing our understanding of the principles for effective mentoring of young people. This volume includes

twenty new chapter topics and eighteen completely revised chapters based on the latest research on these topics. Each chapter has been reviewed by leading practitioners, making this handbook the strongest bridge between research and practice available in the field of youth mentoring.

*Youth Ministry* Jeffrey Kaster 2016 All church ministries are oriented toward fostering missionary discipleship. Youth ministry focuses this mission on young people. In this new book in the Colledgeville Ministry series, Jeffrey Kaster explores leadership for youth ministry, Christian discipleship, conversion, the theological foundations for youth ministry, the importance of community and belonging, and vocational discernment. Kaster looks at the practice of vocational discernment and how it encourages

youth ministry to continually help young people discern their gifts, connect them in service to meet the world's deep needs, and foster Christian discipleship. Youth ministry at its best mobilizes the faith community to support young people as they learn to live as disciples of Jesus Christ. The Collegeville Ministry series provides practical, effective help for those serving the parish through various ministries. Brand-new volumes complement the already popular existing volumes that have been completely updated and expanded. The Collegeville Ministry series offers inexpensive, yet comprehensive, training on the various liturgical roles. Each booklet is prepared by a specialist in the field and provides down-to-earth suggestions for making ministry more meaningful for the ministers and those they serve.

### **A Critical Approach to Youth Sector**

**Peacebuilding** Andy Hamilton 2025-04-17

Using Northern Ireland as a compelling case study, this book offers a critique of peacebuilding approaches with young people in contested societies. In the north of Ireland, the spectre of murderous violence is increasingly distant for peace-agreement generations.

However, legacies stemming from the 30 years of protracted conflict are ever-present in young people's segregated lives. This book presents four distinctive viewpoints that inform contemporary peacebuilding work with young people, revealing divergent purposes and conflicting aspirations. Offering a new model to understand peacebuilding, the authors urge peacebuilding communities around the globe to embrace an increasingly politicising and

participative youth peace praxis.
