**World of Darkness** James Estes 1997 Not all magicians move the world. So-called hedge wizards ply their arts in the shadows, wresting secrets from musty tomes and hidden glades. This rulebook and players guide in one explores the realm of these lesser sorcerers through hedge-magic rules, character creation, detailed sects and more.

*The Book of English Magic* Philip Carr-Gomm 2010-10-14 A guide to England's rich history of magical lore and practice "for readers of works like Harry Potter who have grown up a bit into wanting to know more" (The Hermetic Library). Through experiments to try and places to visit, as well as a historical exploration of magic and interviews with leading magicians, *The Book of English Magic* will introduce you to the extraordinary world that lies beneath the surface. Magic runs through the veins of English history, part of daily life from the earliest Arthurian legends to Aleister Crowley to the novels of Tolkien and Philip Pullman, and from the Druids to Freemasonry and beyond. Richly illustrated and deeply knowledgeable, this book is an invaluable source for anyone curious about magic and wizardry, or for sophisticated practitioners seeking to expand their knowledge. "Playful and serious, respectful and amused . . . this will remain the standard work for years to come." — The Sunday Telegraph "A magical mystery tour." — The Times "Fabulous." — Daily Express "Lucid and wonderfully easy to read . . . While it is indeed a perfect book for the 'intelligent novice' it's far more than that—it's a serious, in-depth survey of a massive topic." — WitchVox "An accessible and immensely readable book . . . A fascinating insight into a hidden world." — Booksquawk

**Magical Religion and Modern Witchcraft** James R. Lewis 1996-04-19 This comprehensive anthology examines contemporary neo-paganism ranging from goddess theology to historical-critical essays. **Dark Magic** Angus Wells 2010-01-13 Ages ago, when the First Gods ruled heaven and earth, they created two lesser deities to reign along with them. But these gods, Tharn and Balatur, were flawed. Their madness threatened creation itself — and thus they were condemned to an eternal sleep. Only an ancient book of spells holds the key to their release. Now an evil necromancer has obtained the book and hastens to Tharn's hidden resting place with a plan as deadly as the god himself. Ancient prophecy points to the exiled prince Calandryll as the only one who can defeat the wizard — aided by a beautiful warrior woman, a hard-bitten mercenary, and Calandryll's own uncertain powers. But first Calandryll and his companions must travel a kingdom racked by civil war, cross the rolling prairie of the fierce horse clans, and finally venture into the forbidden wastes and uncharted territories beyond. Enemies and foul treachery await, while the mighty Tharn, as if somehow aware of his imminent release, begins to stir...begins to dream...and all creation begins to quake. *Dark Magic* is the masterful second chapter of *The Godwars*, a stirring chronicle of high adventure by one of the most exciting new writers of fantasy.

*Tales of Blood and Bones Book 1: The Seven Trials of Constable Tarthadius* Nathan Wells 2019-05-27 In the early 12th century, the world

enjoys its Fourth Age of Magic. Seas churn at the flick of a wrist and the dead rise from the ground at a beckoned call. Monsters stalk the land and demons lie in wait in every shadow. In the waning years of such an age, two sibling sorcerers and each of their fanatical armies vie for control over the planet. Constable Tarthadius seeks out the power to turn the tides of war and send the world into an Endless Age in one fell swoop. Such a power, he suspects, lies within The Grand Hall of Iniquity, the world's most well kept secret. Inside are held captured horrors, feral nightmares, and the darkest of arcane artifacts pilfered from every corner of the globe. Getting inside is the hard part. Finding what you want is even harder. And getting out is next to impossible.

The Hunter's Tools Coranth Gryphon 1999-04-30 Very few games seek to redefine the conventions of roleplaying as does the Mind's Eye Theatre line. There are no tables or dice involved in Mind's Eye Theatre games. Instead, you become a part of the story. You assume the role of your character as soon as you step through the door, enacting every action, movement and gesture. For the purposes of the game, you are your character. More rules for tracking and tricking the undead in live-action games.
