Life's Lessons Ann Miller 2011-07-12 Creating a Hopeful Future * Harnessing our creative energies * Re-framing our values * Changing our focus The Global Community needs a pivotal idea to give it purpose, direction and meaning. What would you choose as your guiding principle for the world? Transforming the world is everybody's business - we all inhabit a little bit of it, and we have a vested interest in keeping it going, and in improving it. Choosing an idea which we can all get behind, regardless of nationality, race, sex, class, religious belief, or political affiliation can help us work towards a more hopeful future in which we can all share. Life's Lessons examines the three organizational principles of education, business and government which involve all of us in one way or another, and seeks to shed light on how we might refocus our values and create a more inclusive society. Together, we can design education systems which care more about people than performance, businesses which care more about people than profit and governments which care more about people than politics. You are invited to explore the history and evolution of our collective society through the writings of some of our most creative thinkers, and to discover our shared human values. The lessons have all been taught - we just need to put them into effect. Find your voice, and join together to create a future worth living for our children and our children's children.

Please note: This is a companion version & not the original book. Sample Book Insights: #1 Our personal philosophy is formed from what we know and the process of how we came to know all that we currently know. We are constantly in the process of checking our preexisting beliefs for accuracy or confirmation in the light of new information. #2 The way we choose to set our sail determines where we end up. The major difference between those who achieve their goals and those who do not is their personal philosophy. If we can develop a strong personal philosophy that helps us navigate life's challenges, we can change the course of our income, bank account, lifestyle, and relationships. #3 The learning process plays a major role in determining our personal philosophy. We can't live without the information that surrounds us making an impact on how we think. The only way to eliminate these mental barriers is to review, refine, and revise our personal philosophy. #4 The only way to change our thinking habits is to input new information. We must get the information that success and happiness require, and we must get it accurately. Otherwise, we will inevitably drift into ignorance, becoming deluded by our power, prestige, and possessions.

The Image Chris Widener 2006 Kate Miller, a young businesswoman, meets Susan Hart, an older woman who mentors Kate and introduces her to some of the most amazing people Kate had ever met -- all of them Christians -- and the man who leads the Bible study they share. Kate learns that she was created in God's image to experience what Jesus calls the "abundant life."

In the Eye of the Hurricane Earl G. Grover III 2016-01-11 Most of us have been there at one time or another. Everything is going well or at least it seems to be. But what once seemed to be the perfect life and perfect family turned out to be a fast track to devastation. How could that have happened? It was all so right just a short time before. Author Earl G. Grover III found his perfect life was not quite as perfect as he thought it was. In the Eye of the Hurricane: Where God Resides tells his story of facing life's realities, which does not include human perfection. Among the things he and his family faced were a hurricane, foreclosure, unemployment, death, and an unplanned pregnancy. Grover refused to heed the warnings that his life may not be going in the direction God wanted. And when adversity struck his life, he wondered if God had totally given up on them? Grover's experiences prove that faith and putting God first in your life can bring you through the worst of times. In the Eye of the Hurricane: Where God Resides shows that during those tough times in our lives, God is the closest. He has wrapped His arms around us to carry us through the storm. We need to have faith God truly knows what is best.
