Writing Revolution in South Asia Kama Maclean 2018-10-11 This comprehensive volume examines the relationship between revolutionary politics and the act of writing in modern South Asia. Its pages feature a diverse cast of characters: rebel poets and anxious legislators, party theoreticians and industrious archivists, nostalgic novelists, enterprising journalists and more. The authors interrogate the multiple forms and effects of revolutionary storytelling in politics and public life, questioning the easy distinction between 'words' and 'deeds' and considering the distinct consequences of writing itself. While acknowledging that the promise, fervour or threat of revolution is never reducible to the written word, this collection explores how manifestos, lyrics, legal documents, hagiographies and other constellations of words and sentences articulate, contest and enact revolutionary political practice in both colonial and post-colonial South Asia. Emphasising the potential of writing to incite, contain or reorient the present, this volume promises to provoke new conversations at the intersection of historiography, politics and literature in South Asia, urging scholars and activists to interrogate their own storytelling practices and the relationship of the contemporary moment to violent and contested pasts. This book was originally published as a special issue of *South Asia: Journal of South Asian Studies*.

Bhagat Singh's Jail Note Book Malwinder Jit Singh Waraich 2016-06-01 Shaheed Bhagat Singh's 'Jail Notebook' opens a window into his exploration of ideas of distinguished thinkers and philosophers. Well-known among his comrades as an avid and voracious reader, Bhagat Singh managed to procure during his imprisonment in jail a large number of selected books by prominent authors of his choice. The excerpts, notes and quotes from those books which he wrote down in his jail notebook reflected not only the seriousness with which he studied the books but also his intellectual sophistication and social and political concerns. However, the perfunctory reference to the sources or books from which these notes and quotes were taken left a rather perplexing question mark with regard to the authentic source i.e. from exactly which editions of which books by which particular authors were these taken. As a result, fantastic claims and wild speculations came to be made by admiring scholars as to the number of books and the kind of original works of great thinkers that Bhagat Singh was able to study in the jail. As a sequel to that the present work Bhagat Singh's 'Jail Note Book', Its Context and Relevance by Harish Jain represents an exceptionally tenacious and laborious search and research into the specific and authentic sources of the particular notes and quotes entered in the Jail Notebook. The story of the author's exploration for over a decade, searching and identifying books by following astute guesses and hunches, and rummaging through many likely or probable books accessible at that time, many of which were not easily available now, makes a fascinating reading. Contextualising the importance and reach of the ideas of the various authors in those times helps one to understand why they might have appeared significant to Bhagat Singh. Besides discussing the ideas central to the books he read attempt has been made here to explain the import of the quotes he chose to copy. A unique work of its kind, this study is both enriching and a pleasure to read.

World Literature for the Wretched of the Earth J. Daniel Elam 2020-12-01 World Literature for the Wretched of the Earth recovers a genealogy of anticolonial thought that advocated collective inexperience, unknowing, and unrecognizability. Early-twentieth-century anticolonial thinkers endeavored to imagine a world emancipated from colonial rule, but it was a world they knew they would likely not live to see. Written in exile, in abjection, or in the face of death, anticolonial thought could not afford to base its politics on the hope of eventual success, mastery, or national sovereignty. J. Daniel Elam shows how anticolonial thinkers theorized inconsequential practices of egalitarianism in the service of an impossibility: a world without colonialism. Framed by a suggestive reading of the surprising affinities between Frantz Fanon's political writings and Erich Auerbach's philological project, *World Literature for the Wretched of the Earth* foregrounds anticolonial theories of reading and critique in the writing of Lala Har Dayal, B. R. Ambedkar, M. K. Gandhi, and Bhagat Singh. These anticolonial activists theorized reading not as a way to cultivate mastery and expertise but as a way, rather, to disavow mastery altogether. To become or remain an inexperienced reader, divesting oneself of authorial claims, was to fundamentally challenge the logic of the British Empire and European fascism, which prized self-mastery, authority, and national sovereignty. Bringing together the histories of comparative literature and anticolonial thought, Elam demonstrates how these early-twentieth-century theories of reading force us to reconsider the commitments of humanistic critique and egalitarian politics in the still-colonial present.

The Execution of Bhagat Singh Satvinder Singh Juss 2021-03-09 Bhagat Singh, one of the most influential revolutionaries of the Indian Independence movement, was only twenty-three when he was executed in 1931. In their attempt to punish him, British authorities used controversial legislative powers to make an ordinance supposedly aimed at preserving 'peace, order and good government' but one that was never approved by the Central Assembly in India nor the British Parliament. A three-judge special tribunal was mandated to complete a hearing within a fixed period that did not even allow the 457 prosecution witnesses to be cross-examined. Dr Satvinder Singh Juss, a London-based law professor and practising barrister, looks at these and other flaws in the legal process that was followed leading to the hanging. Full of engrossing detail from previously unpublished original archival material, including documents translated here for the first time, *The Execution of Bhagat Singh* considers the case for setting aside the sentence of execution in retrospect and for an official pardon for the revolutionary today.

The Jail Notebook and Other Writings Bhagat Singh 2007 "Bhagat Singh spent the last two years of his life in jail, awaiting execution. During this time, he and his comrades fought one of the most celebrated Court Battles in the annals of national liberation struggles, and used the court as a vehicle for the propagation of their revolutionary message. They also struggled against the inhuman conditions in the Colonial jail, and faced torture and pain. Their heroism made them icons and figures of Inspiration for generations to come. All this is well-known. What is not so well-known is that Bhagat Singh wrote four Books in jail. Although they were smuggled out, they were destroyed and are lost forever. What survived was a Notebook that the Young martyr kept in jail, full of notes and jottings from what he was reading. In the year of his Birth centenary, LeftWord is proud to present his Notebook in an elegant edition. This Edition has been checked against the copy preserved in the National Archives of India. The Notebook is richly annotated by Bhupender Hooja; and the annotations have been revised and updated for this edition. Also included are the most important Texts that Bhagat Singh wrote in jail, Chaman Lal's lucid introduction, the New York Daily Worker's reports and Periyar's editorial on the hanging" -- Provided by publisher.
