Men's Lives Michael S. Kimmel 2007 Edited by two of the field's most prominent researchers, this best-selling reader on men and masculinity contains the most current articles available. Organized around themes that define masculinity, this reader takes a life-course perspective, using the idea that men (as well as women) are "gendered" and that this gendering process is a central experience for men. New to This Edition Twenty-four readings are new to this edition. New topics include: being a male, pro-feminist college instructor; the meaning of being labeled a "fag"; growing up as a "sissy" (gender non-conforming) boy; ritualized homosexual behavior among the "Tarfs," a subculture of the Nacirema; sexual assault in military academies; male cheerleaders; drag queens; fathering in modern American society; images of masculinity in beer and liquor ads; sexuality and sports talk radio; and the culture of aggression and violence among ice hockey players.

Risky Lessons Jessica Fields 2008 Risky Lessons brings readers inside three North Carolina middle schools to show how students and teachers support and subvert the official curriculum through their questions, choices, viewpoints, and reactions. Most important, the book highlights how sex education's formal and informal lessons reflect and reinforce gender, race, and class inequalities.

I'm Not Your Manic Pixie Dream Girl Gretchen McNeil 2016-10-18 From acclaimed author Gretchen McNeil comes her first realistic contemporary romance—perfect for fans of Kody Keplinger's *The Duff* and Morgan Matson's *Since You've Been Gone*. Beatrice Maria Estrella Giovannini has life all figured out. She's starting senior year at the top of her class, she's a shoo-in for a scholarship to M.I.T., and she's got a new boyfriend she's crazy about. The only problem: All through high school Bea and her best friends Spencer and Gabe have been the targets of horrific bullying. So Bea uses her math skills to come up with The Formula, a 100% mathematically guaranteed path to social happiness in high school. Now Gabe is on his way to becoming Student Body President, and Spencer is finally getting his art noticed. But when her boyfriend Jesse dumps her for Toile, the quirky new girl at school, Bea realizes it's time to use The Formula for herself. She'll be reinvented as the eccentric and lovable Trixie—a quintessential manic pixie dream girl—in order to win Jesse back and beat new-girl Toile at her own game. Unfortunately, being a manic pixie dream girl isn't all it's cracked up to be, and "Trixie" is causing unexpected consequences for her friends. As The Formula begins to break down, can Bea find a way to reclaim her true identity and fix everything she's messed up? Or will the casualties of her manic pixie experiment go far deeper than she could possibly imagine?

Dude, You're a Fag C. J. Pascoe 2007-06-04 Eighteen months of fieldwork in a racially diverse working-class high school this is an exploration of the dynamics of masculinity among boys.

The Gendered Society Reader Michael S. Kimmel 2011 The battle between the sexes has raged on for centuries; however, are men and women really from different planets? In *The Gendered Society Reader*, Fourth Edition, coeditors Michael Kimmel and Amy Aronson pull together an array of dynamic voices--both male and female, classic and contemporary--to examine various interpretations of gender. These lively, in-depth readings explore gender discourse over a wide range of disciplines, focusing primarily on two central issues: difference and domination. Thoroughly updated with rich and timely new material, the fourth edition features twenty-one new selections, including three essays in a new section on religion, four new selections on gender and the media, and a new article on non-heterosexual families. This edition is also supplemented by an Instructor's Manual/Test Bank, which includes discussion questions. Michael Kimmel's textbook, *The Gendered Society*,

Fourth Edition (OUP, 2010), provides a perfect complement for classroom use.

Dude, You're a Fag C. J. Pascoe 2007-06-04 High school and the difficult terrain of sexuality and gender identity are brilliantly explored in this smart, incisive ethnography. Based on eighteen months of fieldwork in a racially diverse working-class high school, *Dude, You're a Fag* sheds new light on masculinity both as a field of meaning and as a set of social practices. C. J. Pascoe's unorthodox approach analyzes masculinity as not only a gendered process but also a sexual one. She demonstrates how the "specter of the fag" becomes a disciplinary mechanism for regulating heterosexual as well as homosexual boys and how the "fag discourse" is as much tied to gender as it is to sexuality.

Gender Norms and Intersectionality Riki Wilchins 2019-03-25 There

have been few, if any, attempts to translate the immense library of academic studies on gender norms for a lay audience, or to illustrate practical ways in which their insights could (and should) be applied. Similarly, there have been few attempts to build the case for gender in diverse fields like health, education, and economic security within a single book, one which also uses an intersectional lens to address issues of race and class. This book not only looks at the impact of rigid gender norms on young people who internalize them, but also shows how the health, educational, and criminal justice systems with which young people interact are also highly gendered systems that relentlessly police and sustain very narrow ideas of masculinity and femininity, particularly among youth. Current treatments of a "gender lens" or "gender analysis" both at home and abroad usually conflate gender with women and/or trans. *Gender Norms and Intersectionality* shows conclusively how this is both inadequate and wrong-headed. It documents why gender norms must be moved to the center of the discourses aimed at improving life outcomes for at-risk communities. And it does so while acknowledging the insights of queer theorists about bodies, power, and difference. This book provides a starting point for a long overdue movement to elevate "applied gender studies," providing both a reference and guide for researchers, students, policymakers, funders, non-profit leaders, and grassroots advocates. It aims to transform readers' view of a broad array of familiar social problems, such as basic wellness and reproductive health; education; economic security; and partner, male-on-male, and school violence—showing how gender norms are an integral if overlooked key to understanding each.

Boys and Schooling B. Lingard 2009 Exploring the limitations of current approaches to addressing boys' education, this study illustrates how initiatives such as single-sex classes and schools for boys, the boy friendly curriculum and the call for more male teachers as role models have the potential to exacerbate rather than ameliorate the problems that boys are supposedly experiencing in schools. The book demonstrates that such approaches to boys' education have failed to acknowledge the significant impact of masculinity on both boys' and girls' lives and in turn have failed to address equity issues experienced by both minority boys

and girls in schools. This study argues for new policies and a pedagogical reform agenda that engages with a more nuanced understanding of what constitutes good teaching and effective learning in schools for all students, while simultaneously interrogating the constraints imposed by dominant or stereotypical constructions of masculinity.

Make Me a Sandwich, Bitch Kevin J. Burke 2010 "This work examines the ways that discourses and ideologies made present in an all-boys Catholic secondary school come to de/limit sexual and gendered possibilities for young boys, most particularly in regards to masculinities and spiritualities. Implications for teacher and Catholic education are discussed in particular in this critical autoethnographic study. Further, issues of (em)power(ment) come to the fore as social and religious sanctions become navigable (or less so) after repeated exposure to the socializing institution that is the high school"--Abstract.
