I Can See Clearly Now Dr. Wayne W. Dyer 2015-02-24 For many years, Dr. Wayne W. Dyer's fans have wondered when he would write a memoir. Well, after four decades as a teacher of self-empowerment and the best-selling author of more than 40 books, Wayne has finally done just that! However, he has written it in a way that only he can—with a remarkable take-home message for his longtime followers and new readers alike—and the result is an exciting new twist on the old format. Rather than a plain old memoir, Wayne has gathered together quantum-moment recollections. In this revealing and engaging book, Wayne shares dozens of events from his life, from the time he was a little boy in Detroit up to present day. In unflinching detail, he relates his vivid impressions of encountering many forks in the road, taking readers with him into these formative experiences. Yet then he views the events from his current perspective, noting what lessons he ultimately learned, as well as how he has made the resulting wisdom available to millions via his lifelong dedication to service. As a reader, you will feel as if you are right there with Wayne, perusing his personal photo album and hearing about his family, his time in the service, how he writes his best-selling books, and so much more. In the process, you'll be inspired to look back at your own life to see how everything you have experienced has led you to where you are right now. Wayne has discovered that there are no accidents. Although we may not be aware of who or what is "moving the checkers," life has a purpose, and each step of our journey has something to teach

us. As he says, "I wasn't aware of all of the future implications that these early experiences were to offer me. Now, from a position of being able to see much more clearly, I know that every single encounter, every challenge, and every situation are all spectacular threads in the tapestry that represents and defines my life, and I am deeply grateful for all of it." *I Can See Clearly Now* is an intimate look at an amazing teacher, but it also holds the key for seekers on a personal path of enlightenment. Wayne offers up his own life as an example of how we can all recognize the hand of the Divine steering our individual courses, helping us accomplish the mission we came here to fulfill.

The Power of Now Eckhart Tolle 1999-09-27 Eckhart Tolle is emerging as one of today's most inspiring teachers. In *The Power of Now*, already a word-of-mouth bestseller in Canada, the author describes his transition from despair to self-realization soon after his 29th birthday. Tolle took another ten years to understand this transformation, during which time he evolved a philosophy that has parallels in Buddhism, relaxation techniques, and meditation theory but is also eminently practical. In *The Power of Now* he shows readers how to recognize themselves as the creators of their own pain, and how to have a pain-free existence by living fully in the present. Accessing the deepest self, the true self, can be learned, he says, by freeing ourselves from the conflicting, unreasonable demands of the mind and living present, fully, and intensely, in the Now.

The Power of Now Eckhart Tolle 2010-04-06 It's no wonder that The Power of Now has sold over 2 million copies worldwide and has been translated into over 30 foreign languages. Much more than simple principles and platitudes, the book takes readers on an inspiring spiritual journey to find their true and deepest self and reach the ultimate in personal growth and spirituality: the discovery of truth and light. In the first chapter, Tolle introduces readers to enlightenment and its natural enemy, the mind. He awakens readers to their role as a creator of pain and shows them how to have a pain-free identity by living fully in the present. The journey is thrilling, and along the way, the author shows how to connect to the indestructible essence of our Being, "the eternal, ever-present One Life beyond the myriad forms of life that are subject to birth and death." Featuring a new preface by the author, this paperback shows that only after regaining awareness of Being, liberated from Mind and intensely in the Now, is there Enlightenment.

Living an Inspired Life Wayne W. Dyer 2016-03 SELF-HELP & PERSONAL DEVELOPMENT. Inspiration is for everyone! It isn't reserved for high-profile creative geniuses in the arts and sciences - it's our Divine birthright. In *Living an Inspired Life* (previously published under the title *Inspiration*), Dr Wayne W Dyer explains how to connect to the knowledge and understanding that we had in the spirit realm before we chose to incarnate in physical form. From this all knowing place of spirit, we choose our physical body, our parents and the nature of the life we would lead on the earth. We made these choices co-creatively with the Source and now here on earth if we can reconnect to that Source energy it can transform our lives. Living our lives inspired by Source energy is a powerful antidote to the feelings of emptiness that disconnection from our soul creates. As you read each chapter in this book, you'll find specific suggestions for living 'in-Spirit'.

Summary of the Power of Now Book Summary 2016-07-26 The Power of Now: A Guide to Spiritual Enlightenment by Eckhart Tolle | Book Summary Eckhart Tolle is a spiritual teacher who does not associate with any singular religion. Despite his confidence in his work on Enlightenment, we must not think of him as some prophet sent to us with these teachings. He was merely a man who was looking for a meaning, just like the rest of us. Although Tolle states that we should not look back at the past and allow it to shape us, he does relive his past in his introduction to share with us how he became so Enlightened. He questioned, just like a lot of us, "what is there for me?" It was this question that made him realize his thinking and why he would think it. It was then that he decided to focus on the thinking, watching it and not

judging, but try to change it. Through his own transforming experience, he has brought us a way to transform ourselves. To stop thinking, "what is there for me" (to stop thinking in general) and realize what we truly have, the present. The Now. Here Is A Preview Of What You'll Learn... Summary - The Power of Now FastDigest-Summary 2018-02-16 A

Complete Summary - The Power of Now: A Guide to Spiritual Enlightenment. The Power of Now is a spiritual book written by German writer Eckhart Tolle. In his book, Tolle talks about the power of 'living in the present moment' rather than unnecessary dwellings in the past or trying to figure out what future will look like. Even though there are many books that are similar to this one, The Power of Now is unique in many ways. While explaining how to successfully live in the present moment, the author is guided by the teachings of Taoism, Karma, Buddhism, and Christianity through the teachings of Jesus Christ. By trying to unify all these teachings, the author captured the true meaning of many spiritual and religious teachings by creating one single universal guideline-the Now. The book itself was published in 1997 and only three thousand copies were printed at first, but in 1999, it was republished and printed in a much larger number by New World Library. And now, the book was sold in over three million copies and it has been translated into more than thirty languages. The main idea of Tolle's book is that every religious teaching has the same core, and thus, he tried to 'retell' these core teachings in a way that would be easy for his readers to follow. With an appealing concept and also interesting topics, The Power of Now is surely a type of book that draws the attention of many readers.
