Secrets of Mental Magic. How to Use Your Full Power of Mind.... Vernon Howard 1967
The Magic Power of Your Mind Walter Montgomery Germain 1956 Like Peale's "Power of positive thinking" in approach, with emphasis on ability to tap the supraconscious or collective unconscious.

The Magic In Your Mind Uell S Andersen 2023-02-08 This book reveals a mental magic that guarantees increased achievement and assures success. Many people have locked themselves in prisons of their own making because they have been unsuccessful. The Magic in Your Mind teaches the magic by which men become free and begin to grow into the image of the secret self. Perfect action and perfect works stem from an inner conviction of the mental cause behind all things. A man changes the state of his outer world by first changing the state of his inner world. Everything that comes to him from outside is the result of his own consciousness. When he changes that consciousness he alters his perception and thus the world he sees. By understanding the process and effect of mental imagery, he goes directly

along the correct path to his goal. - Uell S. Andersen, *The Magic in Your Mind*

The Magic in Your Mind U. S. Andersen
2023-03-14 A perennial self-help favorite, updated to speak powerfully to contemporary readers and with a foreword by Eckhart Tolle Before there was *The Law of Attraction* or *The Secret*, there was *The Magic in Your Mind* by U. S. Andersen. Eckhart Tolle recognized the brilliance of this self-empowerment classic and here presents it anew as the latest volume in his imprint. In clear, crisp, invigorating language, Andersen offers a liberating message for anyone seeking to improve and understand their life. He shows how to:

- free your “Secret Self” and experience self-mastery
- use mental visualization
- understand the concept of “mind over matter”
- fully employ your power of choice
- overcome opposition with tools such as the innate sixth sense Andersen outlines a “mental magic” that makes it possible to attain goals in

any field — one made evident by his own many successes in a variety of enterprises. “Here,” he promises, “you will learn the secret way in which your mind is tied to the source of all power; you will learn how you are capable of becoming anything and doing anything you can visualize.” An essential addition to any spirituality/self-help bookshelf or night table, *The Magic in Your Mind* invites you to experience your innate creative mental power that’s just waiting to be unleashed. “Open randomly to any page, start reading, and you most likely won’t want to put it down. As with all spiritual classics, this will be the case even if you have already read the book several times.” — from the foreword by Eckhart Tolle, bestselling author of *The Power of Now*

Bring Out the Magic in Your Mind Al Koran
2014-09 Here is the key to the amazing untapped powers in your own mind...a secret that can transform your career and life. You don't have to be a magician or a "brain" to command these mental resources. If you only learn to employ your own natural magnetism, using the techniques of this book, you can gain amazing influence over others, and "will" your way to business and social success. The author, who was one of the world's greatest mentalists and magicians and was famous during his lifetime for his amazing mental feats on television and radio, here reveals how ordinary people can develop certain mental powers deliberately through a simple, logical program. First he explains how you can cultivate belief in the "magic" of your mind, and use that faith to strengthen yourself. You see how to give yourself "success treatments" to build your confidence and direct your energies toward dreams and goals. Unfolding all the wonders of

the human mind, this book offers a method of harnessing this magic to bring you a richer and more successful life.

The Power of Your Subconscious Mind

Joseph Murphy 1982 The Power Of Your Subconscious Mind by Joseph Murphy - I have seen miracles happen to men and women in all walks of life all over the world. Miracles will happen to you too-when you begin using the magic power of your subconscious mind. This book is designed to teach you that your habitual thinking and imagery mold, fashion, and create your destiny; for as a man thinketh in his subconscious mind, so is he. - Why is one man sad and another man happy? Why is one man joyous and prosperous and another man poor and miserable? Why is one man fearful and anxious and another full of faith and confidence? Why does one man have a beautiful, luxurious home while another man lives out a meager existence in a slum? Why is one man a great success and another an abject failure? Why is

one speaker outstanding and another immensely popular and another mediocre and unpopular? Why is one man a genius in his work or profession while the other man toils and moils all his life without doing or accomplishing anything worthwhile? Why is one man healed of a so-called incurable disease and another isn't? Why is it so many good, kind, religious people suffer the tortures of the damned in their mind and body? Why is it many immoral and irreligious people succeed and prosper and enjoy radiant health? Why is one woman happily married and her sister very unhappy and frustrated? Is there an answer to these questions in the workings of your conscious and subconscious minds? There most certainly is. - Taken from the book The Power of Your Subconscious Mind by Dr. Joseph Murphy. **The Magic Power of Your Mind. (New, Revised and Enlarged Edition.)**.
