

Muawiyah Abu Sofyan

Mu'awiya ibn abi Sufyan Stephen Humphreys 2012-12-01 In this accessible study, Stephen Humphreys introduces the most elusive of the early caliphs, Mu'awiya ibn abi Sufyan (602-680). Notoriously guarded about his thoughts, motives and emotions, Mu'awiya was universally known as a figure of immense political acumen. Beyond this, opinions are deeply divided. Throughout history, some have accused him of being the first caliph to diverge from Muhammed's model of ideal Muslim leadership whilst others credit him with uniting an empire in disarray and transforming the Caliphate into a practicable form of government. In light of this, Humphreys critically analyses his sources, and seeks to get as close as possible to a historical account of the great man.

A History of the Islamic Peoples Gustav Weil 1914

THE HANDY ENCYCLOPEDIA OF ISLAM Mohammad Ishaque Foujdar (Maanav) 2024-12-31 Islam is a religion of the fundamental doctrines and dogmatic (undeniable) faith. Its the main source of principles and rituals is the Holy Quran and Prophet Muhammed's (sal) traditions (Ahadis). To assimilate the essential requirements of the Islamic faith is on the basis of understanding the terminology and the important events, which create the subjective and objective ways of the religion. The Quran was descended in Arabic, and the Prophet's mother tongue was also Arabi, so almost the Islamic terminology is in Arabic. Therefore, it is necessary to understand some important Arabic terms and their effective denotation to rightly fulfil the religious rituals and practices. This book also contains the work of the religious noblemen and the political personalities who have worked to spread Islamic faith, and there has been given the introductory knowledge of the important wars, which were fought under the Islamic flag against the enemies of the nascent faith

The Muslim 100 Muhammad Khan 2009-09-01 Short biographies of the most influential Muslims in history and today. A must-have book.

A History of the Middle East Saul S. Friedman 2014-01-10 As the birthplace of three principal religions, the Middle East is holy to 15 million Jews, 2 billion Christians, and 1 billion Muslims. As the cradle of western civilization, it is fundamental to world history, the place where humans transformed themselves from nomadic hunters to settled farmers capable of building great cities and societies. This detailed history covers the Middle East from its ancient beginnings to the present. The confluence of events that produced civilized society is fully discussed, along with the establishment of Judaism, Christianity, and Islam. The emergence and decline of the Byzantine and Ottoman empires, which laid much of the framework for the region to move into the modern era, is covered in depth. Analysis of the area in recent decades focuses on World War I and II and the regional conflicts that inflame the Middle East of the 21st century. Instructors considering this book for use in a course may request an examination copy here.

Concise History of Islam Muzaffar Husain Syed 2011-09-14 In World History, History of Islam is a glorious chapter. In fact, Muslim History involves the history of the Islamic faith as a religion and as a social institution. Through various periods, Islam made many a long stride and its influence spread far-off over the globe. Apart from religion, Muslims

made considerable contribution in areas, like philosophy, literature, arts, law, economy, science, medicine and commerce etc. At the academic level, Muslim philosophers, educationists and experts of Islamic law have made great contributions. The evolution of Islam has impacted the political, economic and military history of an enormous geographical region. A century after the demise of Prophet Muhammad (Pbuh) the, Islamic empire extended from the Atlantic Ocean in the west to Central Asia in the east. Islamic civilization gave rise to many centers of culture and science and produced notable philosophers, scientists, astronomers, mathematicians, doctors and nurses, during the Golden Age of Islam. In today's world, Islam is one of the major religions and perhaps there is hardly any corner of the world, where Muslims are not found. History of Islam is a vast subject. Here it is in a concise form. This modest work, a comprehensive book in one cover, is an effort in the direction of recording the history of Islam in nutshell, authentically. This excellent book is an asset for all scholars and academics in all spheres of learning.

Chasing a Mirage Tarek Fatah 2008-05-09 In Chasing a Mirage, Tarek Fatah Writes: Islamists argue that the period following the passing away of Muhammad was Islam's golden era and that we Muslims need to re-create that caliphate to emulate that political system in today's world. I wish to demonstrate that when Muslims buried the Prophet, they also buried with him many of the universal values of Islam that he had preached. The history of Islam can be described essentially as the history of an unending power struggle, where men have killed each other to claim the mantle of Muhammad. This strife is a painful story that started within hours of the Prophet closing his eyes forever, and needs to be told. I firmly believe the message of the Quran is strong enough to withstand the facts of history. It is my conviction that Muslims are mature and secure in their identities to face the truth. This is that story.

Advance Praise for Chasing a Mirage "Tarek Fatah has written a provocative and challenging book which is a must read for anyone who cares about these issues." —Janice Gross Stein "Chasing a Mirage is an extremely valuable contributing to the fight by progressive Muslims against Islamist fascism. This book should be required reading for the Left in the West who have mistakenly started believing that Islamists represent some sort of anti-imperialism." —Farooq Tariq "Fatah argues passionately for universalism instead of exclusivism, integration instead of ghettoism, and makes a powerful appeal for the silent majority of Muslims to speak out before it is too late. This work of courage and daring needs to be read widely." — Pervez Hoodbhoy "This fascinating work by brave and brilliant Tarek Fatah is simultaneously thought-provoking, instructive and enlightening for laymen and scholars, Muslims and non-Muslim...an invaluable and rare addition to the corpus of Islamic literature in the post-9/11 world, a bold step towards Islamic Reformation and Enlightenment." —Taj Hashmi "Tarek Fatah's is a voice that needs to be heard. Canada needs a healthy, reasoned debate about the issues he is raising, and indeed so does the world." —Bob Rae "This fascinating work by brave and brilliant Tarek Fatah is simultaneously thought-provoking, instructive and enlightening for laymen and scholars, Muslim and non-Muslim... an invaluable and rare addition to the corpus of Islamic literature in the post-9/11 world, a bold step towards Islamic Reformation and Enlightenment." —Taj Hashmi "Tarek Fatah's is a voice that needs to be heard.
