**Our Crumbling Civilization and Collapsing Universe of 5 Percent**

Plammoottil Cherian 2021-01-11 -It is the biggest question of all in the universe, when and from what universe came into being and how it expanded. It puzzled Einstein and many other cosmologist after him. Finally, they have discovered the particle, which they mysteriously named the God particle. As the mystery surrounds this particle, their quest will either end in finding God, the source of the particle or not. -In an age when biblical truth are considered fairytales by many a scientists, someone must be bold enough to tell the truth that in the beginning the universe was void and darkness prevailed in the entire cosmos until God separated darkness by his eternal light and used 5 percent of the dark matter to create the universe and everything within it. Dr. Cherian courageously links the Scriptures and the science behind the dark matter and the scientists who were divinely guided to name it the God particle. -Newton's and Einstein's dreams have been materialized and though not accepted by the vast majority of scientists openly, many are compromising that universe formed from a cosmic evolution, and life evolved abiogenetically and God interjected his presence into the process of evolution to claim his role-a most absurd stand. -While the latest scientific discoveries tackled the biggest mystery of the universe, scientific discoveries have corroborated the truth man (humanity) is nothing but specks of the dust (Ps. 103:14). -While God who created the universe "sits enthroned above the circle of the earth and stretches out (expanse) the heavens like a canopy and spreads them out like a tent. (Isa. 40:22) is also holding the universe in his hands. -Dr. Cherian brings to light the neglected truth that science and theology are the perfect match of God's truth in the universe. -Most of the scientific discoveries deciphered during the last five hundred years are recorded in the Bible,

including water in the exoplanets and the dark matter and dark energy that have been discovered recently. The author has succinctly explained with specific biblical references and explanations. -The author also reveals that from Plymouth Rock to Independence Hall and throughout the length and breadth of America, the profound Christian heritage is engrained in every inch of the land, and America cannot negate God from our land. -God's systematic order of creation was schemed as stages of unguided evolution. -All Christians of the nation must reinvent the declaration by the Supreme Court of the United States in 1892 that "This a Christian Nation," and present-day lawmakers must adhere to that with freedom and liberty for all. -Like a skilled attorney, the author explains America is part of the "Israel of God and a member of the Commonwealth of Israel," as explained by Apostle Paul. The United States of America and the United Kingdom are two nations blessed by God, under the protection of the Almighty God, and we have a moral mandate to preserve our godly culture and civilization and lead other nations to follow before Armageddon, which is imminent.

The Neuropsychology of Face Perception and Facial Expression Raymond Bruyer 2014-04-04 This book is the first to offer an overview of the increasingly studied field of face perception. Experimental and pathological dissociation methods are used to understand both the precise cognitive mechanisms and the cerebral functions involved in face perception. Three main areas of investigation are discussed: face processing after brain damage; lateral differences for face processing in normals; neuropsychological studies on facial expressions.
