**Masters of the Air** Donald L. Miller 2006-10-10

The inspiration for the major Apple TV+ series, streaming now! The riveting history of the American Eighth Air Force in World War II and the young men who flew the bombers that helped beat the Nazis and liberate Europe, brilliantly told by historian and World War II expert Donald L. Miller. The Masters of the Air streaming series stars Austin Butler and Callum Turner, and is produced by Tom Hanks and Steven Spielberg, the legendary duo behind Band of Brothers and The Pacific. Masters of the Air is the deeply personal story of the American bomber boys in World War II who brought the war to Hitler's doorstep. With the narrative power of fiction, Donald Miller takes you on a harrowing ride through the fire-filled skies over Berlin, Hanover, and Dresden and describes the terrible cost of bombing for the German people. Masters of the Air is the deeply personal story of the American bomber boys in World War II who brought the war to Hitler's doorstep. With the narrative power of fiction, Donald Miller takes you on a harrowing ride through the fire-filled skies over Berlin, Hanover, and Dresden and describes the terrible cost of bombing for the German people. Fighting at 25,000 feet in thin, freezing air that no warriors had ever encountered before, bomber crews battled new kinds of assaults on body and mind. Air combat was deadly but intermittent: periods of inactivity and anxiety were followed by short bursts of fire and fear. Unlike infantrymen, bomber boys slept

on clean sheets, drank beer in local pubs, and danced to the swing music of Glenn Miller's Air Force band, which toured US air bases in England. But they had a much greater chance of dying than ground soldiers. The bomber crews were an elite group of warriors who were a microcosm of America—white America, anyway. The actor Jimmy Stewart was a bomber boy, and so was the "King of Hollywood," Clark Gable. And the air war was filmed by Oscar-winning director William Wyler and covered by reporters like Andy Rooney and Walter Cronkite, all of whom flew combat missions with the men. The Anglo-American bombing campaign against Nazi Germany was the longest military campaign of World War II, a war within a war. Until Allied soldiers crossed into Germany in the final months of the war, it was the only battle fought inside the German homeland. Masters of the Air is "a stunning achievement" (David McCullough), "a fresh new account" (Walter Boyne, former director of the Smithsonian Air and Space Museum) of life in wartime England and in the German prison camps, where tens of thousands of airmen spent part of the war. It ends with a vivid description of the grisly hunger marches captured airmen were forced to make near the end of the war through the country their bombs destroyed. Drawn from recent interviews, oral histories, and American, British, German, and other archives, Masters of the Air is an authoritative, deeply moving account that "accurately and comprehensively" (Lt. Gen. Bernard E. Trainor, USMC (Ret.) and coauthor of Cobra II) tells of the world's first and only bomber war.

The Man in the Mirror Max Putzel 1998 A flamboyant and controversial figure, William Marion Reedy was one of the most successful literary entrepreneurs of his day. Editor of the Mirror, a St. Louis weekly, from 1891 to 1920, Reedy played a large role in breaking down the genteel literary tradition, developing a native poetry, and helping to form some fifty significant

poets. Emily Dickinson, Stephen Crane, Ezra Pound, Edwin Arlington Robinson, Amy Lowell, Sara Teasdale, Carl Sandburg, and Vachel Lindsay are just a few of the writers whose works Reedy featured in his magazine. The Man in the Mirror offers a colorful description of Reedy's boyhood in St. Louis during the turbulent period following the Civil War. This well-documented biography follows Reedy throughout his years as a reporter in the early days of the St. Louis Post-Dispatch and Globe-Democrat and as editor of the St. Louis Star. Only seven years after Reedy founded the Mirror as a national journal of opinion--a potpourri of political comment, social gossip, and literary miscellany--the magazine's circulation far surpassed that of the Dial, Atlantic Monthly, or Nation. Max Putzel truly conveys the spirit and personality of Reedy by carefully examining his life within the context of the literary world he influenced so significantly. Full chapters are devoted to his relationships with Theodore Dreiser, Ezra Pound, Vachel Lindsay, Amy Lowell, and others. Edgar Lee Masters, whose Spoon River Anthology first appeared in the Mirror, called Reedy both the "Literary Boss of the Middle West" and his best friend. In fact, Reedy had quite a range of friends, from librarians to politicians, St. Louis locals to Teddy Roosevelt. His personal effect on people, writers and readers alike, is what has made him such an important historical figure. It is a tribute to Reedy's critical judgment that the reputations he helped to build would later overshadow his own. The Man in the Mirror, lauded as "the first substantial study of Reedy's work" by American Literature, reveals Reedy's notable contribution to the literary world.

**As a City on a Hill** Daniel T. Rodgers

2020-10-06 For we must consider that we shall be as a city upon a hill," John Winthrop warned his fellow Puritans at New England's founding in 1630. More than three centuries later, Ronald Reagan remade that passage into a timeless celebration of American promise. How were Winthrop's long-forgotten words reinvented as a central statement of American identity and exceptionalism? In *As a City on a Hill*, leading American intellectual historian Daniel Rodgers tells the surprising story of one of the most celebrated documents in the canon of the American idea. In doing so, he brings to life the ideas Winthrop's text carried in its own time and the sharply different yearnings that have been attributed to it since. *As a City on a Hill* shows how much more malleable, more saturated with vulnerability, and less distinctly American Winthrop's "Model of Christian Charity" was than the document that twentieth-century Americans invented. Across almost four centuries, Rodgers traces striking shifts in the meaning of Winthrop's words--from Winthrop's own anxious reckoning with the scrutiny of the world, through Abraham Lincoln's haunting reference to this "almost chosen people," to the "city on a hill" that African Americans hoped to construct in Liberia, to the era of Donald Trump. *As a City on a Hill* reveals the circuitous, unexpected ways Winthrop's words came to lodge in American consciousness. At the same time, the book offers a probing reflection on how nationalism encourages the invention of "timeless" texts to straighten out the crooked realities of the past.
