Study Wise Lawrence J. Greene 2004 This multi-faceted instructional program gives readers the essential tools they require to learn productively and succeed academically. In addition to providing highly effective study and test preparation skills, the book also trains users to think analytically, critically, and strategically. It systematically offers a range of specific, easy-to-learn and -use methods for identifying, understanding, and solving the day-to-day problems individuals are likely to encounter in college and in life. KEY TOPICS A three-part organization covers maximizing your learning potential: figuring out how to win in school; developing a school success system: learning how to study more productively; and applying strategic intelligence: getting what you want,

need, and deserve. For anyone entering college or the real-world.
