*God...the Grand Illusion* Dr. Ronald Pleune 2022-08-29 The question is this, what do we accept as the truth of what we believe in? We take many things by mere faith, but is faith the right path in putting our trust in a matter just because someone says so? Do we dig into a matter with an open mind rather than prejudice and influences from others as we were growing up? Does our relationship with others influence our perception of what is truth and what is not the truth? Do we tend to accept something as truth because we don't have time or resources to check it out? Or is it because of an emphatic speech by a cleric that proclaims the Bible is "without error" when in fact outside sources point to errors in dates, events, and even interpretation, yet we close our eyes and ears because we ask, "How can this be?" Many times the excuse is made that if so many people believe in a particular biblical statement or condition, then it can't be wrong! Or can it? Debate on biblical issues end up bogging the general populous, and many just walk away from it with disgust, won't deal with it, or dogmatically hold a position of biblical inerrancy. This brings us down to getting into the trenches of discovering the truth, as ugly and contentious it may seem. This is especially true when ufology is brought into the picture, especially when the topic of God or a God is introduced and examined in the light of various scientific disciplines.

**The Great Reformer - Volume 1** Dr. Basharat Ahmad 2019 The Great Reformer is the English translation of Mujaddid-e-Azam, a comprehensive biography of the Mujjadid (Reformer in Islam) and Founder of the Ahmadiyya Movement Hazrat Mirza Ghulam Ahmad by a close associate and compatriot, Dr. Basharat Ahmad. This monumental research work published in Urdu in three volumes was translated into English in 2008 by Hamid Rahman, PhD. It is widely considered to be the most authentic and complete portrayal of the great and tireless service rendered to Islam by the Founder of the Ahmadiyya Movement. The first two volumes, published in 1939 and 1940 respectively, consist of the Founder's life history, and also contain synopsis of each of his major Urdu, Arabic and Persian works. The third volume deals with his Islamic philosophy, thoughts, exposition of Islamic concepts, defense of Islam in

reply to non-Muslim critics, and his mission of carrying the message of Islam to the West.

*Jesus in Kashmir* Suzanne Olsson 2019-06-03 International Best-selling author spent years living and studying in India and remote Himalayan locations, following the Old Silk Road and the legends of Jesus. She accessed obscure relics and scrolls, and has raised alarms worldwide about the risk of terrorism destroying the evidence the world needs. If there is one chance in a million, or one in a billion that the Roza Bal tomb, or any of the artifacts associated with it, are not fakes, but are indeed connected with Jesus in any way, then the world needs to act quickly to save them and scientifically catalog them before it's too late. No armchair scholar, her extensive and well-written research is backed up with meticulous notes and resources, dozens of rare photographs, charts and maps. A fascinating work of deep reflection and mesmerizing personal experiences, combining her own genealogy quest with rare 'boots on the ground' kind of research acquired at great personal risk. Olsson is now the world's leading expert on the Roza Bal tomb. This book is a classic worldwide, and best-seller among Christians, Hindus, Jews, Buddhists, and Muslims seeking the historical connections to their origins. This is the 5th and final updated edition.

*Here Is Wisdom* Alexander Meer 2019-12-04 If you ever wanted to read a book that describes the history of the world, as well as the origin and evolution of humankind in a nutshell, this book is a must-read. We live in an age of information and technology, and everything we want to know about the world—whether it is related to history, philosophy, science or religion—is available at our fingertips. Yet, the more information we have at our fingertips, the more confused we seem to become. The traditional answers to the age-old philosophical questions about who we are, where we came from, and where we are heading; should be reevaluated and redefined in light of the abundance of information available at our fingertips today. This book compiles all the essential information we need to know, in order to reevaluate and redefine our deepest beliefs. The forty chapters of this book provide great insights into the origin and evolution of human civilization, by exploring the most recent scientific theories of our Modern Age. It also explores all the hallmark events of history, and analyzes those events from the point of view of science, religion and the philosophical theories that emerged throughout the ages. Each of the chapters of this book should be viewed as dots on a map that represents the journey of humankind, from the beginning of time till the 21st century. As you read through the various chapters, how you choose to connect the dots is entirely up to you. But no matter how you connect those dots, the lines that you draw should represent a framework for understanding the nature and history of this world, and our place within it.

**Jesus, the Christ was a Hindu** Bābārāva Sāvāvakara 2003

*Issa* Kiara Windrider 2023-08-19 This story began with a Kashmiri princess, Miraan, looking out in the early morning dawn towards a chariot of light being raised towards the heavens, face aglow with a flaming radiance, heart bursting with gratitude and love for all the years she was allowed to share with this most magnificent of men. And as this story began so it ends. For I am Miraan who shares this story with you, as I have heard it from his own lips, and as I have witnessed in the years I spent with him. I did not think such a love was possible; a love that grew stronger the more it was shared with all the world. He was a great healer and king, a simple monk and prophet, an extraordinary lover and

friend. He was a man like any other, except that he dared himself go where few men had been before. Lovers were never meant to close themselves off from the rest of creation in isolated fantasy. Lovers find each other in every face they encounter, wherever they may be in this world. And so as I come to the end of this story, I see myself staring back at you, each of you who reads these words and makes this story your own, for my soul knows you. This story will not end until you find yourself mirrored in these words and these acts, touching the human as well as the divine spirit that dwells within. Issa was not afraid to declare himself a Sun of God, one with the Father of Light. Find your own true heart, likewise... set yourself free.
