In the Garden Angelica Shirley Carpenter 2006 This book is a collection of articles about the life and work of Frances Hodgson Burnett. The broad range of subjects and the varied backgrounds of the contributing authors are a tribute to Burnett's wide and international appeal. The articles range from essays to transcripts of interviews and speeches and a filmography. The book presents new research on films and plays based on Burnett books. The

Kidding Around Alexander N. Howe 2014-01-16
Kidding Around: The Child in Film and Media is
a collection of essays generated by a conference
of the same title held at the University of the
District of Columbia. The works gathered
examine a variety of children's media, including
texts produced for children (e.g., children's
books, cartoons, animated films) as well as texts
about children(e.g., feature-length films,

literature, playground architecture, parenting guides). The primary goal of *Kidding Around* is to analyze and contextualize contested representations of childhood and children in various twentieth- and twenty-first-century media while accounting for the politics of these narratives. Each of the essays gathered offers a critical history of the very notion of childhood, at the same time as it analyzes exemplary children's texts from the twentieth and twenty-first centuries. These chapters depart from various methodological approaches (including psychoanalytic, sociological, ecological, and historical perspectives), offering the reader numerous productive approaches for analyzing the moments of cultural conflict and impasse found within the primary works studied. Despite the fact that today children are one of the most coveted demographics in marketing and viewership, academic work on children's media, and children in media, is just beginning. *Kidding Around* assembles experts from this inchoate

field, opening discussion to traditional and non-traditional children's texts.

Noel Streatfeild Nancy Lyman Huse 1994 In this comprehensive analysis of a woman hailed by her fellow Britons as a "National Monument", Nancy Huse argues that Streatfeild's work challenges the status of "girls' books", described in most criticism as ephemeral or constituting a category separate from "great books". Huse attributes the appeal of Streatfeild's books to their contemporary themes and traditional values and finds that in exploring the tensions of heredity and environment Streatfeild anticipated many contemporary questions about the role of women, the structure of the family, and the implications of the class system. In particular, Huse notes, Streatfeild (in both her children's and adult novels) used the poverty of women and their work in the domestic sphere to link the public with the private worlds shaping children. Streatfeild's conservative upbringing, rebellious youth, and complex life-long relationship with

her family provided material for her novels, according to Huse. Streatfeild developed a conscious perspective on childhood that she used to defend child/adult boundaries while sharpening story forms. At the same time, Huse contends, her multifaceted talent admitted new subjects, character types, themes, and information into the children's book because she assumed competence and intelligent curiosity as the basis of children's contributions to the family and to society. In this vibrant portrait of the life and work of such an innovative children's writer, Huse suggests some meaningful ways to evaluate the family novel, the role of a children's novelist in preserving and constructing a historical record, and the implications of formulaic patterns that derive from female experience.

Ballet Shoes Noel Streatfeild 2011-08-01 Pauline longs to be an actress. Petrova is happiest playing with cars and engines. And if she could . . . Posy would dance all day! But when their

benefactor Great-Uncle Matthew disappears, the girls share a future of a dazzling life on stage, where their dreams and fears will soon come true . . . This beautiful edition of Ballet Shoes is published to celebrate its 75th anniversary.

Theater Shoes Noel Streatfeild 2018-11-06 A beautiful gift edition of the beloved classic about three orphan siblings and their love of music, theater, and dance. When orphans Sorrel, Mark, and Holly are sent to live with their grandmother, a famous English actress, she enrolls them in the Children's Academy of Dancing and Stage Training, the same Academy that made the orphans from Ballet Shoes famous so long ago. It's the chance of a lifetime, but the Academy won't give the children the "proper" education their parents would have wanted. However, the children learn to love the Academy when they find out that Sorrel has dramatic flair, Mark can sing, and Holly charms everyone with her adorable impish ways. Maybe talent does run in the family. This classic children's book is

perfect for kids who dream of being on stage-- dancing, singing, or acting. Don't miss the other classic Noel Streatfeild books, Ballet Shoes, Skating Shoes, and Dancing Shoes!

Anglican Women Novelists Judith Maltby
2019-06-27 What do the novelists Charlotte Brontë, Charlotte M. Yonge, Rose Macaulay, Dorothy L. Sayers, Barbara Pym, Iris Murdoch and P.D. James all have in common? These women, and others, were inspired to write fiction through their relationship with the Church of England. This field-defining collection of essays explores Anglicanism through their fiction and their fiction through their Anglicanism. These essays, by a set of distinguished contributors, cover a range of literary genres, from life-writing and whodunnits through social comedy, children's books and supernatural fiction. Spanning writers from the nineteenth to the twenty-first century, they testify both to the developments in Anglicanism over the past two centuries and the changing

roles of women within the Church of England and wider society.
