Report Writing for Architects and Project Managers David Chappell 1996-08-13 Report writing is a very neglected aspect of architectural practice, and seems to be a skill architects think they can 'pick up' along the way as they gain experience. Yet a sizeable part of an architect's work consists of preparing different kinds of reports. This book, therefore, provides samples of standard report formats to cover most of those needed in an architectural practice, and should help simply the typical architect's job.
