Result is a five-level business

English course that gives

students the communication skills they need for immediate

use at work. Business Result

helps those who need to

communicate better in English

at work, by teaching a range of

business communication

skills. A list of outcomes in

every unit shows students the

language and skills they will

learn. Tips and advice from the

Cranfield School of

Management introduces an

authoritative business

perspective, and applies

professional theory to real

situations.

Educational Innovation in

Economics and Business II Dirk

T. Tempelaar 2012-12-06 This

volume consists of the revised

versions I of a selection of

papers of the second EDINEB

conference, held in Uppsala

from 17-19 August 1995. As

with the first edition, the

conference and these

proceedings are rooted in the

participant's involvement with

'Educational INnovation in

Economics and Business'. The

thematic focus is quality audit,

quality assessment and quality

improvement, all of them

collected in the theme 'In

Search of Quality'. For the first

EDINEB conference, which

took place in Maastricht,

December 1993, 'Problem-

Based Learning' was chosen as

leading theme. The

introduction of problem-based

learning in the curriculum of

any faculty is to be regarded as

a major innovation in the

educational system. In contrast, the dedication to the search of quality in education resulted in a large variety of case studies and theoretical contributions on educational innovations aiming at increasing the quality of teaching and learning. This contrast between the one major step and the many small steps has been the decisive factor for the editors to compose these proceedings as a kind of allegory of Robert M. Pirsig's famous novel 'Zen and the art of Motorcycle Maintenance, an Inquiry into Values' (ZAMM). Of course, on top of the very obvious reason that the conference had been saddled with a theme that is identical to the title that many critics (probably those who aren't so fond of motorcycling) used to rename ZAMM.
