Rock Music in American Popular Culture B. Lee Cooper 1995

Portraying Performer Image in Record Album Cover Art Ken Bielen 2021-11-02 In this work, Ken Bielen explains how album cover art authenticates recording artists in a particular genre. He considers albums issued from the 1950s to the 1980s, the golden era of record album cover art. The whole album package is studied, including the front and back covers, the inside cover, the inner sleeve, and the liner notes. Performers in rock and roll, folk and folk

rock, soul and disco, psychedelic, Americana nostalgia, and singer-songwriter genres are included in this study of hundreds of record album covers.

Rock & Roll in Kennedy's America Richard Aquila 2022-11-29 A rousing, poignant look at the cultural history of rock & roll during the early 1960s. Received Gold for the IPPY Book Award in the Category of Popular Culture by the Independent Publisher In the early 1960s, the nation was on track to fulfill its destiny in what was being called "the American Century." Baby boomers and rock & roll shared the country's optimism and energy. For "one brief, shining moment" in the early 1960s, both President John F. Kennedy and young people across the country were riding high. The dream of a New Frontier would soon give way,

however, to a new reality involving assassinations, the Vietnam War, Cold War crises, the civil rights movement, a new feminist movement, and various culture wars. From the former host of NPR's Rock & Roll America, Richard Aquila's *Rock & Roll in Kennedy's America* offers an in-depth look at early 1960s rock & roll, as well as an unconventional history of Kennedy's America through the lens of popular music. Based on extensive research and exclusive interviews with Dion, Bo Diddley, Brenda Lee, Martha Reeves, Pete Seeger, Bob Gaudio, Dick Clark, and other legendary figures, the book rejects the myth that Buddy Holly's death in 1959 was "the day the music died." It proves that rock & roll during the early 1960s was vibrant and in tune with the history and events of this colorful era. These interviews and Aquila's research reveal unique insights and new details about politics, gender, race, ethnicity, youth culture, and everyday life. *Rock & Roll in Kennedy's America* recalls an important chapter

in rock & roll and American history.

Continuum Encyclopedia of Popular Music of the World, Volume 1 John Shepherd

2003-01-30 The Bloomsbury Encyclopedia of Popular Music Volume 1 provides an overview of media, industry, and technology and its relationship to popular music. In 500 entries by 130 contributors from around the world, the volume explores the topic in two parts: Part I: Social and Cultural Dimensions, covers the social phenomena of relevance to the practice of popular music and Part II: The Industry, covers all aspects of the popular music industry, such as copyright, instrumental manufacture, management and marketing, record corporations, studios, companies, and labels. Entries include bibliographies, discographies and filmographies, and an extensive index is provided. This and all other volumes of the Encyclopedia are now available through an

online version of the Encyclopedia:

Sampler Adrian Shaughnessy 1999 Sampler documents the best graphic design from the contemporary music scene, one of the principal arenas of experimental graphic design.

Designers working in music packaging have a freedom rarely found elsewhere: they are the shock troops of modern graphic design.

Andy Warhols Record- und Cover Design

Klaus Gier 2001 Während seiner Schaffensperioden wandte sich Andy Warhol zwei von der Kunstwissenschaft bislang kaum wahrgenommenen Medien zu: der Schallplatte und insbesondere der Schallplattenhülle, ihrem

Grafik- und Produkt-Design. In der interdisziplinären Untersuchung und Rekonstruktion dieses Werkbereichs wird detailliert auf Warhols mediale und schöpferische Vielfalt verwiesen und werden seine syntheseshaften Konzeptideen zwischen angewandter und bildender Kunst herausgestellt. Die Ergebnisse zeichnen dabei ein thematisch übergreifendes Bild über Warhols künstlerische Expansion: Diese umfaßt sein stilistisches und technisches Repertoire, Überlegungen zu unterschiedlichen Materialien, Bildträgern und Formaten und schließt die Beschäftigung mit Grafik, Malerei, Objektkunst, Film, Multimedia, die Verwendung von Text- und Bildelementen, von «Images» und einer individuellen Symbol- und Bildersprache ein.

Coverscaping Asbjørn Grønstad 2010 Focusing on the semiotics, poetics, and rhetoric of album covers, Coverscaping gives a serious study of this neglected art form. Working from the assumption that record sleeves may be found to

represent a visual genre in its own right, the essays in this book engage in various ways with the analysis of what one might call the pictorial component of recorded music. The contributions, from scholars in many different fields, run the whole gamut from close readings of individual covers to more theoretical or philosophical explorations of the aesthetic nature and artistic value of album covers.

Design Issues 1997

Jimmy Page George Case 2009-04 Now in paperback, "Jimmy Page" is the first-ever biography of Led Zeppelin's legendary guitarist and producer. Never before has the story been told in such sharp detail, leaving no stone unturned.

IASA Journal 1997

1000 Record Covers Michael Ochs 2014 Vinyl's back in style and in this selection of 1,000 of the most iconic record sleeves from the 60s to 90s, we recall why it's the biggest and best music format ever. Seminal artwork, memorable cover-

sleeves, and long-lost classics all jostle for space in this virtual shelf of music history.

Reading Eminem Glenn Fosbraey 2022-08-24 This book critically analyses Eminem's studio album releases from his first commercial album release The Slim Shady LP in 1999, to 2020's Music To Be Murdered By, through the lens of storytelling, truth and rhetoric, narrative structure, rhyme scheme and type, perspective, and celebrity culture. In terms of lyrical content, no area has been off-limits to Eminem, and he has written about domestic violence, murder, rape, child abuse, incest, drug addiction, and torture during his career. But whilst he will always be associated with these dark subjects, Mathers has also explored fatherhood, bereavement, mental illness, poverty, friendship, and love within his lyrics, and the juxtaposition between these very different themes (sometimes within the same song), make his lyrics complex, deep, and deserving of proper critical discussion. The first full-length monograph

concerning Eminem's lyrics, this book affords the same rigorous analysis to a hip-hop artist as would be applied to any great writer's body of work; such analysis of 'popular' music is often overlooked. In addition to his rich exploration of Eminem's lyrics, Fosbraey furthermore delves into a variety of different aspects within popular music including extra-verbal elements, image, video, and surrounding culture. This critical study of his work will be an invaluable resource to academics working in the fields of Popular Music, English Literature, or Cultural Studies.

Real Life Rock Greil Marcus 2015-10-20 For nearly thirty years, Greil Marcus has written a remarkable column called "Real Life Rock Top Ten." It has been a laboratory where he has fearlessly explored and wittily dissected an enormous variety of cultural artifacts, from songs to books to movies to advertisements. Taken together, his musings, reflections, and sallies amount to a subtle and implicit theory of how cultural objects fall through time and

circumstance and often deliver unintended consequences, both in the present and in the future. *Real Life Rock* reveals the critic in full: direct, erudite, funny, fierce, vivid, uninhibited, and possessing an unerring instinct for art and fraud. The result is an indispensable volume packed with startling arguments and casual brilliance.

Turbulent Years Time-Life Books 1998 Chronicles the decade with photographs and accompanying text on John F. Kennedy, Lyndon B. Johnson, Woodstock, Vietnam, Martin Luther King, Muhammad Ali, the Beatles, the Rolling Stones, Bob Dylan, and Jimi Hendrix.
