beginning, without assuming prior knowledge. Each chapter starts with

an opening section covering an application. These help students to

understand the relevance of the topic: they are motivational and they

make the text more accessible to the majority of students. Concept Maps

have been added, which together with Summaries throughout, aid

understanding of main ideas and connections between topics. Margin

points highlight key points, making the text more accessible for learning

and revision. Checkpoints in each chapter test students' understanding

and support their private study.
