Joyce P. Logan 2010 The ability to communicate effectively is critical for success in today's business environment. The authors offer complete coverage of fundamental business English topics and concepts, with extensive

practice and end-of-chapter review. Three chapters focus on essential oral and nonverbal communication skills. Facing-page models, a hallmark feature of this text, provide students with good and bad examples of business writing. This new edition also integrates technology throughout, using numerous Internet activities combined with a dedicated, completely updated chapter on technology issues and even more material on coordinating effective media presentations.
