The Kid Sapphire 2011-07-05 Fifteen years after the publication of Push, one year after the Academy Award-winning film adaptation, Sapphire gives voice to Precious's son, Abdul. In *The Kid* bestselling author Sapphire tells the electrifying story of Abdul Jones, the son of Push's unforgettable heroine, Precious. A story of body and spirit, rooted in the hungers of flesh and of the soul, *The Kid* brings us deep into the interior life of Abdul Jones. We meet him at age nine, on the day of his mother's funeral. Left alone to navigate a world in which love and hate sometimes hideously masquerade, forced to confront unspeakable violence, his history, and the dark corners of his own heart, Abdul claws his way toward adulthood and toward an identity he can stand behind. In a generational story that moves with the speed of thought from a Mississippi dirt farm to Harlem in its heyday; from a troubled Catholic orphanage to downtown artist's lofts, *The Kid* tells of a twenty-first-century young man's fight to find a way toward the future. A testament to the ferocity of the human spirit and the deep nourishing power of love and of art, *The Kid* chronicles a young man about to take flight. In the intimate, terrifying, and deeply alive story of Abdul's journey, we are witness to an artist's birth by fire.

Evaluating and Promoting Nonfiction for Children and Young Adults Don Latham 2025-01-07 Evaluating and Promoting Nonfiction for Children and Young Adults isn't another bibliography that will quickly become outdated. Instead, it situates nonfiction resources within the recent emphasis on reading nonfiction as a way of enhancing critical

thinking and combating susceptibility to "fake news." Donald Latham offers strategies for evaluating nonfiction for the purposes of collection development, providing readers' advisory, and developing programs using nonfiction for children and young adults. The book includes lists of professional resources as well as recommended nonfiction titles.

Go: A Kidd's Guide to Graphic Design Chip Kidd 2013-10-08 "An

excellent introduction to graphic design through [the author's] own excellent work. Anyone interested in the subject, including most practitioners, will find it delightful."—Milton Glaser Kids love to express themselves, and are designers by nature—whether making posters for school, deciding what to hang in their rooms, or creating personalized notebook covers. *Go*, by the award-winning graphic designer Chip Kidd, is a stunning introduction to the ways in which a designer communicates his or her ideas to the world. It's written and designed just for those curious kids, not to mention their savvy parents, who want to learn the secret of how to make things dynamic and interesting. Chip Kidd is "the closest thing to a rock star" in the design world (USA Today), and in *Go* he explains not just the elements of design, including form, line, color, scale, typography, and more, but most important, how to use those elements in creative ways. Like putting the word "go" on a stop sign, *Go* is all about shaking things up—and kids will love its playful spirit and belief that the world looks better when you look at it differently. He writes about scale: When a picture looks good small, don't stop there—see how it looks when it's really small. Or really big. He explains the difference between vertical lines and horizontal lines. The effect of cropping a picture to make it beautiful—or, cropping it even more to make it mysterious and compelling. How different colors signify different moods. The art of typography, including serifs and sans serifs, kerning and leading. The book ends with ten projects, including an invitation to share your designs at GoTheBook.com.

New demands by Common Core and other national and state standards mean teachers and librarians need support in pairing high-interest content with skill

building that speaks to those standards. This hands-on, research-based resource will help. Covering 100 titles, it guides you to topics, themes, values, and activities that meet national and state standards. The book's organization—by genres, topics, and themes—will enable librarians to serve customers with specific requests and help teachers build thematic units. Focusing on recent young adult fiction and nonfiction (2010–2014), the guide offers a succinct plot summary, links to popular themes and genres, indication of reading levels, and an engaging booktalk for each title. It also includes guidelines for further promoting each book and extending knowledge through discussion. The author, a former middle and high school teacher, demonstrates how you can foster close reading through paraphrasing, comparison, and response and explains how to strengthen critical thinking among teens.
