Retribution in Chronicles Neil J. Morrison 2024-12-13 Neil J. Morrison seeks to explain the lack of systematization in the outworking of retribution in Chronicles. While retribution is designed to foster religious commitment, it is often constrained by other factors so that the divine and human poles of the nexus come to predominate at different points.

Dread Trident Curtis D. Carbonell 2019-11-27 Dread Trident focuses on tabletop role-playing games as vital mechanisms in the increasing creation of 'realized worlds' in modern culture. We often think of these as emerging from novel reading, film viewing, or video game playing; rarely do we consider the worlds of analog games, such as Dungeons and Dragons.

Echoes of Retribution R L Howells 2025-06-12 Echoes of Retribution: Book 3 Echoes of Silence The heart of the enemy is the most dangerous place to be. Fugitives Aris Thorne and his niece, Sarah, have escaped the clutches of the fanatical Purifier Order, but their freedom is fleeting. With their small resistance shattered and a key ally fading, they are hunted through the wilderness by the relentless Stalker Kestrel. All the while, a new threat looms: Node Primus, a terrifying weapon with the power to control the planetary consciousness known as Deus Ex Machina, is nearing activation. Their only hope lies in the fragmented data Aris has stolen-a key that could avert global catastrophe, if he can survive long enough to use it. Captured and dragged into the depths of Alpha Command, the Purifiers' impregnable mountain fortress, Aris and Sarah face their darkest hour. Under the watchful eye of the ruthless Overseer Janus and his enigmatic assassin, Spectre, they become pawns in a terrifying game of psychological warfare. As Aris is subjected to brutal interrogation, Sarah discovers that her unique connection to the planet might be the one power the Purifiers cannot control. Deep within the enemy's sanctum, with the world on the brink of a forced "Great Reset," the last echoes of resistance must make an impossible choice. As the planet itself begins to awaken in rage, they must discover that the only way to win the war is to change its very nature. But when the battle is over, what comes after retribution?
