Promoting Literacy Development Patricia A. Antonacci 2011-05-02 "Promoting Literacy Development: 50 Research-Based Strategies for K-8 Learners presents the essential literacy strategies that are used by classroom teachers for teaching reading and writing to children in elementary schools. Intended as a supplement to primary texts that are utilized in the reading methods courses, the proposed book will be used principally in undergraduate and graduate teacher education programs. Reading and English language arts are the primary curricular areas that are the focus of this supplementary text, which provides quick access to the essential instructional literacy strategies"-- Provided by publisher.

The School-smart Parent Gene I. Maeroff 1989 A commonsense book that helps parents help their children get the most out of learning and school by indicating what should be happening at given levels of the child's education.

Ways to Better English Thomas Henry Briggs 1924

Literacy and Learning in the Content Areas Sharon Kane 2025-04-23 The fifth edition of Literacy and Learning in the Content Areas: Enhancing Knowledge in the Disciplines provides readers with the knowledge, motivation, tools, and confidence for integrating literacy in their disciplinary classrooms. Offering a literature-based approach to teaching disciplinary literacy, the new edition shares important ways in which teachers of courses in the disciplines can enhance student learning of subject matter and skills while also fostering their growth in the many facets of literacy. Throughout each chapter, Kane provides engaging and creative strategies and activities to make literacy come alive in discipline-specific courses and to encourage students to explore and learn in the classroom. Embedded in each chapter are examples, resources, and strategies to help readers actively engage with and implement literacy practices. These features include Teaching in Action examples by subject area; Activating Prior Knowledge activities to stimulate critical thinking to prepare readers to learn complex theoretical and conceptual material about teaching, learning, and literacy; and end-of-chapter Application Activities to apply field experiences to classroom use. New to the Fifth Edition Every chapter of this new edition is updated to reflect the current approaches, standards, and benchmarks for discipline-specific literacy A new introduction with reading activities for professors to exemplify a common reading experience with their students, supported by online reading materials New book talks to highlight books that show disciplinary thinking in action, including literature related to art, physical education, economics, computer science, engineering, food science, music, robotics, environmental science, family and consumer science, and technology Expanded practical instructional strategies, with new examples focused on STEAM (science, technology, engineering, art, math) fields and topics relating to diversity and language, ESL/ENL, and modern language learning Updated examples and activities to emphasize students' active involvement in their own learning

A Guide to Graphic Organizers James Bellanca 2007-05-30 "Creating a mindful rendering of student thinking with these graphic tools is at the heart of this extensive work. K-12 teachers will applaud this effort as they use these graphic organizers in rich and relevant instructional activities."--Robin Fogarty, Educational Consultant and Author "An excellent aid in teaching students to gather and process data systematically, develop critical thinking skills, and become actively engaged learners."--Mary Jo Johnson, Educational Evaluator, North Carolina School for the Deaf, Morganton, NC Help students organize their thinking, process content, and work cooperatively! Graphic organizers are effective, research-validated tools for supporting student achievement, promoting students' higher-level thinking, and strengthening learners' visual and metacognitive skills. In this combined update of The Cooperative Think Tank I and II, James Bellanca offers teachers a collection of 24 ready-to-use graphic organizers to enhance student learning across subject areas and grade levels. Presenting each graphic organizer in its own chapter, the author includes lessons for introducing these engaging learning tools to students and offers tips for maximizing their positive learning effects. Revised with current research, new graphic organizers, and a streamlined format, this edition also provides guidelines for using graphic organizers to: Support cooperative learning groups Help students process content Effectively assess students' understanding of concepts For novice teachers or seasoned veterans, Bellanca's extensive collection is the ideal guide to help you integrate graphic organizers into daily instruction.

Handbook of American Indian Languages Franz Boas 1911

Fiske WordPower Edward B Fiske 2018-07-03 The Exclusive Method You Can Use to Learn—Not Just Memorize—Essential Words A powerful vocabulary expands your world of opportunity. Building your word power will help you write more effectively, communicate clearly, score higher on standardized tests like the SAT, ACT, or GRE, and be more confident and persuasive in everything you do. Using the exclusive Fiske method, you will not just memorize words, but truly learn their meanings and how to use them correctly. This knowledge will stay with you longer and be easier to recall—and it doesn't take any longer than less-effective memorization. How does it work? This book uses a simple three-part system: 1. Patterns: Words aren't arranged randomly or alphabetically, but in similar groups based on meaning and origin that make words easier to remember over time. 2. Deeper Meanings, More Examples: Full explanations—not just brief definitions—of what the words mean, plus multiple examples of the words in sentences. 3. Quick Activities: Frequent short quizzes help you test how much you've learned, while helping your brain internalize their meanings.

McGraw-Hill's SAT 2013 Christopher Black 2012-06-01 Your complete SAT preparation resource, now with free online coaching videos!
