PRISMA provides authors with guidance and examples of how to completely report why a systematic review was done, what methods were used, and what results were found. Don't have an account? Create an account now. Prisma is an open-source database toolkit. It includes a JavaScript/TypeScript ORM for Node.js, migrations and a modern GUI to view and edit the data in your database. Every project that uses a tool from the Prisma toolkit starts with a Prisma schema file. The Prisma schema allows developers to define their application models in an intuitive data modeling language and ... As South Carolina's largest private, non-profit healthcare system, Prisma Health is here to create a better state of health for South Carolinians. This tool, developed by PRISMA, can be used to develop a PRISMA flow diagram in order to report on systematic reviews. Build with serverless PostgreSQL, a type-safe ORM for Node.js and TypeScript, visual database tools, and AI-ready workflows from Prisma.
