

Bigger Leaner Stronger

Bigger Leaner Stronger Instaread 2016-03-28 **Bigger Leaner Stronger** by Michael Matthews | Summary & Analysis Preview: **Bigger Leaner Stronger** outlines a complete plan for any man looking to lose fat, build muscle, and create an overall healthier lifestyle through better diet and exercise. Often, the fad diets, workout regimens, and endless supplements touted by many fitness magazines and ripped gurus on TV have failed men looking to build their ideal body. These fitness strategies are often not based on hard science and don't deliver on their promises. The **Bigger Leaner Stronger** plan, on the other hand, is a regimen based on scientific studies and methods that have proven to be effective for men and women across age groups. The secret to the plan is its simplicity... PLEASE NOTE: This is key takeaways and analysis of the book and NOT the original book. Inside this Instaread Summary of **Bigger Leaner Stronger** · Overview of the book · Important People · Key Takeaways · Analysis of Key Takeaways About the Author With Instaread, you can get the key takeaways, summary and analysis of a book in 15 minutes. We read every chapter, identify the key takeaways and analyze them for your convenience.

Eat Green Get Lean Michael Matthews 2013-09-10 If you want to know how to build muscle and burn fat by eating delicious vegetarian and vegan meals that are easy to cook and easy on your wallet, then you want to read this book. Let me ask you a few questions. Do you worry that building muscle or losing fat is too hard as a vegetarian or vegan? Are you not sure of how to prepare food that is not only delicious and healthy but also effective in helping you build muscle and lose fat? Are you afraid that cooking nutritious, restaurant-quality meals is too time-consuming and expensive? Do you think that following a vegetarian or vegan lifestyle means having to force down the same boring, bland food every day? If you answered "yes" to any of those questions, don't worry—you're not alone. And this book is the answer. With it, you can cook fast, healthy, and tasty vegetarian and vegan meals every day (and on a reasonable budget) that will help you build muscle or lose weight, regardless of your current skills. In this book, you're also going to learn how to eat right without having to obsess over every calorie. These 9 scientifically proven rules for eating are the foundation of every great physique and can be , and they have nothing to do with following weird diets or depriving yourself of everything that tastes good. And the recipes themselves? In this book you'll find 100 healthy, flavorful recipes specifically designed for vegetarians and vegans that want to build muscle or lose fat. Regardless of your fitness goals, this book has got you covered. Here's a "sneak peek" of the recipes you'll find inside: 20 fast, delicious breakfast recipes (13 vegetarian and 7 vegan), including Berry Cheesecake Muffins, Red Pepper & Goat Cheese Frittata, Tempeh Hash, PB&J Oatmeal, Tex-Mex Tofu Breakfast Tacos, Healthy French Toast, and more. 20 mouthwatering entrees (10 vegan and 10 vegetarian), including Raw Almond Flaxseed Burgers, Greek Pasta Salad, Eggplant Parmesan, Seven Layer Bean Pie, Tofu Puttanesca, High Protein Mac & Cheese, and more. 20 savory side dishes (18 vegan and 2 vegetarian), including Carrot Fries, Cranberry Apricot Squash, Quinoa & Smoked Tofu Salad, Sherry-Asiago Cream Brussels Sprouts, Three Bean Salad, Greek Potatoes, and more. 20 awesome snack recipes (5 vegetarian and 15 vegan), including Maple Pumpkin Protein Bars, Protein Parfait, Blueberry Banana Oat Cakes, Chocolate Black Bean Energy Bars, Baked Kale Chips, No-Bake Almond Protein Bars, Homemade Applesauce, and more. 10 hearty, healthy protein shake recipes (8 vegetarian and 2 vegan), including Double Chocolate Protein Smoothie, Pumpkin Delight, Cherry Vanilla Protein Smoothie, Blueberry Flax Smoothie, and more. 10 delectable desserts (6 vegetarian and 4 vegan), including Banana Caramel Bread Pudding, No-Bake Vanilla Cake, Protein Peach Surprise, Blackberry Parfait, and more. SPECIAL BONUS FOR READERS With this book, you'll also get a free spreadsheet that lists every recipe in the book along with their calories, protein, carbs, and fats! Chances are you're going to want to use the recipes to plan out your daily meals, and this spreadsheet makes it a simple matter of copy and pasting! Scroll up and click the "Buy" button now and learn how to cook nutritious, delicious vegetarian and vegan meals that make building muscle and burning fat easy and enjoyable!

Green & Lean Michael Matthews 2014-03-12 If you want to know how to build muscle and burn fat by eating delicious vegetarian and vegan meals that are easy to cook and easy on your wallet, then you want to

Bigger Leaner Stronger Matthews Michael 2015 If you want to build muscle, lose fat, and look great as quickly as possible without steroids, good genetics, or wasting ridiculous amounts of time in the gym and money on supplements ... regardless of your age ... then you want to read this book.

12 Health & Fitness Mistakes You Don't Know You're Making Michael Matthews 2012 If you've ever felt lost in the sea of contradictory training and diet advice out there and you want to know the truth behind 12 of the most common, and most harmful health & fitness myths out there. then you want to read this book. Let me ask you a few questions. Do you believe that your genetics are preventing you from making great gains in the gym? Do you do certain exercises because they're supposed to shape your muscles? Do you stretch before lifting weights to prevent injury or increase strength? When doing cardio, do you shoot for a target heart rate zone to burn the most fat possible? If you answered yes to any of those questions, you're in good company as most people do the same. But here is the kicker: There's NO science behind any of it. Quite to the contrary, however, science actually disproves these things. Thanks to the overwhelming amount of fitness pseudo science and lies being pushed on us every day by bogus magazines and self styled gurus, it's becoming harder and harder to know how to get in shape. Well, this book was written to debunk some of the most common and harmful myths in the health and fitness industry, and teach you what you really have to do to get lean, strong, and healthy.

Beyond Bigger Leaner Stronger Michael Matthews 2020-08-04
Muscle Myths Michael Matthews 2012-03 If you've ever felt lost in the sea of contradictory training and diet advice out there and you just want to know once and for all what works and what doesn't—what's scientifically true and what's false—when it comes to building muscle and getting ripped, then you need to read this book. Let me ask you a question. Do any of the following claims sound familiar? "I have bad genetics—I'm a 'hardgainer.'" "You have to work your abs more to get a six-pack." "When doing cardio, you want your heart rate in the 'fat burning zone.'" "You have to do cardio for 20 minutes before your body starts burning fat." "Don't eat at night if you want to lose weight." "Steroids make you look great." "I'm overweight because I have a slow metabolism." You've probably heard one or more of these statements before, and the sad truth is lies like these have ruined many people's fitness ambitions. There are many, many more. Thanks to the overwhelming amount of fitness pseudo-science and lies being pushed on us every day by bogus magazines and self-styled "gurus," it's becoming harder and harder to get in shape. **Muscle Myths** was written to debunk the most commonplace and harmful gimmicks, fads, myths, and misinformation in the health and fitness industry. Here are just some of the things you'll learn in this book: Why you don't have to cut carbohydrates (carbs), or fat, or eat weird combinations of food to lose weight. The truth about supplements and why 99% of them are a complete waste of money (and the few that are actually scientifically proven to work). What it actually takes to "tone up"—and it's not doing "shaping exercises" (these don't exist) or doing a million reps every

workout. Why women shouldn't be training differently than men if they want the lean, toned, and sexy type of body that they see in magazines, TV shows, and movies. The scientific secrets of getting a six-pack. Forget 6-minute gimmicks, doing endless crunches, and hours of grueling cardio—it's actually pretty easy when you know what you're doing. Training and diet methods that will completely shatter any perceived "genetic barriers" that you think are holding you back from building a muscular, lean physique that you love. The proper way to stretch so you don't sap your strength and risk injury. (Most people do this wrong and suffer the consequences without even realizing it.) And much more. With the information in this book, you can save the money, time, and frustration of buying into misleading diet plans and products that promise unattainable results. You can become your own personal trainer and start getting real results with your diet and exercise. Scroll up and click the "Buy" button now to learn the no-BS truth of how to look good and feel great without having to endure tortuously restrictive diets or long, grueling exercise routines.

Muscle Meals Michael Matthews 2012-10-02 If you want to know how to build muscle and burn fat by eating healthy, delicious meals that are easy to cook and easy on your wallet, then you want to read this book. Let me ask you a few questions... Do you lack confidence in the kitchen and think that you just can't cook great food? Are you not sure of how to prepare food that is not only delicious and healthy but also effective in helping you build muscle and lose fat? Are you afraid that cooking nutritious, restaurant-quality meals is tootime-consuming and expensive? Do you think that eating healthy means having to force down the same boring, bland food every day? If you answered "yes" to any of those questions, don't worry—you're not alone. And this book is going to help. Inside you'll find 15 fast, healthy, and tasty meals that will help you build muscle or lose weight, regardless of your current skills. Not only that, but you're also going to learn how to eat right without having to obsess over every calorie. These 9 scientifically proven rules for eating are the foundation of every great physique, and they have nothing to do with following weird diets or depriving yourself of everything that tastes good. Download this book now and learn how to escape the dreadful experience of "dieting" and how to cook nutritious, delicious meals that make burning fat or building muscle easy and enjoyable!

The Year One Challenge for Men Michael Matthews 2016-07-19

Thinner Leaner Stronger Michael Matthews 2012-09-10 If you want to be toned, lean, and strong as quickly as possible without crash dieting, "good genetics," or wasting ridiculous amounts of time in the gym and money on supplements...regardless of your age... then you want to read this book. In this book you're going to learn something most women will never know: The exact formula of exercise and eating that makes losing 10 - 15 pounds of fat and replacing it with lean, sexy muscle a breeze...and it only takes 8 - 12 weeks. This book reveals things like... *The 5 biggest fat loss myths & mistakes that keep women overweight, frustrated, and confused. *The real science of healthy fat loss that makes losing 1 - 2 lbs of fat per week not only easy, but guaranteed. *The HORRIBLE lies women are told about how to "tone" and "shape" their bodies, and what you REALLY need to do to have sexy, lean curves. *How to develop a lightning-fast metabolism that burns up fat quickly and leaves you feeling full of energy all day long. *The carefully-selected exercises that deliver MAXIMUM results for your efforts. This is how you quickly get a firm, round butt, toned legs, a flat stomach, and sculpted arms. *A no-BS guide to supplements that will save you hundreds if not THOUSANDS of dollars each year that you would've wasted on products

that are nothing more than bunk science and marketing hype. *How to get lean while still indulging in the "cheat" foods that you love every week like pasta, pizza, and ice cream. *And a whole lot more! The bottom line is you CAN achieve that "Hollywood babe" body without having your life revolve around it—no long hours in the gym, no starving yourself, no grueling cardio that turns your stomach. SPECIAL BONUS FOR READERS! With this book you'll also get a free 75-page bonus report from the author called "The Year One Challenge." In this bonus report, you'll learn exactly how to exercise, eat, and supplement to make the most of your first year of training. By applying what you learn in the book and in this report, you can make more progress in one year than most women make in three, four, or even five (seriously!). Buy this book now and begin your journey to a thinner, leaner, and stronger you!

Bigger Leaner Stronger Michael Matthews 2019-04-27 If you want to be muscular, lean, and strong as quickly as possible without steroids, good genetics, or wasting ridiculous amounts of time in the gym and money on supplements...then you want to read this book. Here's the deal: Getting into awesome shape isn't nearly as complicated as the fitness industry wants you to believe. You don't need to spend hundreds of dollars per month on the worthless supplements that steroid freaks shill in advertisements. You don't need to constantly change up your exercise routines to "confuse" your muscles. I'm pretty sure muscles lack cognitive abilities, but this approach is a good way to just confuse you instead. You don't need to burn through buckets of protein powder every month, stuffing down enough protein each day to feed a third world

village. You don't need to toil away in the gym for a couple of hours per day, doing tons of sets, supersets, drop sets, giant sets, etc. (As a matter of fact, this is a great way to stunt gains and get nowhere.) You don't need to grind out hours and hours of boring cardio to shed ugly belly fat and love handles and get a shredded six-pack. (How many flabby treadmills have you come across over the years?) You don't need to completely abstain from "cheat" foods while getting down to single-digit body fat percentages. If you plan cheat meals correctly, you can actually speed your metabolism up and accelerate fat loss. In this book you're going to learn something most guys will never know: The exact formula of exercise and eating that makes putting on 10 to 15 pounds of quality lean mass a breeze...and it only takes 8-12 weeks. This book reveals secrets like... The 6 biggest myths and mistakes of building muscle that stunt 99% of guys' muscle gains. (These BS lies are pushed by all the big magazines and even by many trainers.) How to get a lean, cut physique that you love (and that girls drool over) by spending no more than 5 percent of your time each day. The 4 laws of muscle growth that, when applied, turn your body into an anabolic, muscle-building machine. You'll be shocked at how easy it really is to get big once you know what you're doing... How to develop a lightning-fast metabolism that burns up fat quickly and leaves you feeling full of energy all day long. The carefully-selected exercises that deliver MAXIMUM results for your efforts, helping you build a big, full chest, a wide, tapered back, and bulging biceps. A no-BS guide to supplements that will save you hundreds if not THOUSANDS of dollars each year that you would've wasted on products that are nothing more than bunk science and marketing hype. How to get shredded while still indulging in the "cheat" foods that you love every week like pasta, pizza, and ice cream. And a whole lot more! The bottom line is you CAN achieve that "Hollywood hunk" body without having your life revolve around it--no long hours in the gym, no starving yourself, no grueling cardio that turns your stomach. Imagine, just 12 weeks from now, being constantly complimented on how you look and asked what the heck you're doing to make such startling gains. Imagine enjoying the added benefits of high energy levels, no aches and pains, better spirits, and knowing that you're getting healthier every day. SPECIAL BONUS FOR READERS! With this book you'll also get a free 75-page bonus report from the author called "The Year One Challenge." In this bonus report, you'll learn exactly how to train, eat, and supplement to make maximum gains in your first year of training. By applying what you learn in the book and in this report, you can make more progress in one year than most guys make in three, four, or even five (seriously!). Scroll up, click the "Buy" button now, and begin your journey to a bigger, leaner, and stronger you!
