Technology-enhanced Learning in the Early Years Foundation Stage

Moira Savage 2025-02-28 Discussing learning technologies in relation to young children often provokes a wide range of passionate responses, from sceptics to enthusiasts. This text explores the issues in a holistic, pedagogical and research-informed way. It helps professionals unpick the complex issues involved, understand the scope of available technology, examine the interplay between learning and specific technologies, and more broadly create a vision for a technology-enabled learning environment that is child-centred, playful, creative and interactive. Recurring case studies are analysed from a number of theoretical perspectives, and the approach deliberately goes beyond the scope of 'understanding of the

world' to consider the contribution of technology-enhanced learning to a range of different contexts and subject areas. Throughout there are clear links to professional standards, the Early Years Foundation Stage and the characteristics of effective learning.

Teaching Systematic Synthetic Phonics in Primary Schools

Wendy Jolliffe 2022-01-19 The government prioritizes systematic synthetic phonics as a key strategy in the teaching of reading. This core text is your guide to teaching systematic synthetic phonics in primary schools. The book's balance of research and practice and its focused approach enables you to

develop an in-depth understanding of what works in phonics teaching, and why. It begins with the subject knowledge that underpins effective teaching and goes on to explore pedagogy from the early years to Key Stage 2. It includes guidance on systematic progression, intervention and multi-sensory and interactive methods. This 4th edition includes a new section 'Challenges in learning and teaching phonics' supporting you to meet the individual needs of children.

Teaching Primary English in Australia Eve Bearne
2023-12-11 This first Australian edition of Teaching Primary English has been updated and adapted to reflect the Australian sociocultural and educational context. This text provides a comprehensive, evidence informed introduction to teaching and learning English in the primary school classroom. New content refers to the Australian English Curriculum and incorporates Aboriginal and Torres Strait Islander perspectives and

literacy perspectives relevant to the Asia-Pacific region as well as the broader international context. This edition also includes a new section devoted to visual literacy, critical literacy and multimodality. Teaching advice and ideas are supported by practical examples linked to video clips filmed in real schools, reflective activities, observational tasks and online resources. Each section includes suggestions for great children's literature and offers assessment advice and support for planning for diversity and special educational needs. Drawing on the very latest research and theory, supported by practical examples and guidance, this is an essential resource for pre-service teachers as they develop subject knowledge and the skills and confidence to deliver effective and engaging classroom practice.

Subgroups National Reading Panel (U.S.) 2000 "In 1997, Congress asked the Director of the National Institute of Child Health and Human Development (NICHD), in consultation with the Secretary of Education, to convene a national panel to assess the status of research-based knowledge, including the effectiveness of various approaches to teaching children to read. The panel was charged with providing a report that should present the panel's conclusions, an indication of the readiness for application in the classroom of the results of this research, and, if appropriate, a strategy for rapidly disseminating this information to facilitate effective reading instruction in the schools" -- p. 1-1.

Jolly Phonics Activity Books 1-7 Sara Wernham 2025-11-27
Jolly Phonics Activity Books are full-colour, write-in workbooks filled with multisensory activities to guide young children through the early stages of reading and writing. Children are introduced to the Jolly Phonic characters - Inky

Mouse, Snake and Bee - and join them in discovering letter sounds through stories, actions and activities. Each letter sound is reinforced with stickers to use, pages to colour, games and crafts to try and writing practice throughout as children begin to read and write simple words. Later books in the series introduce capital letters and tricky words. Each Activity Book: * covers a new set of sounds following the Jolly Phonics pathway * reinforces each sound with actions to try and letter writing practice * contains fully illustrated pages with fresh, engaging, colourful artwork * has 50+ stickers to use with the activities * secures learning with recap pages before introducing new words to blend Each Activity Book covers a new set of sounds: 1 - s, a, t, i, p, n 2 - c, k, e, h, r, m, d 3 - g, o, u, l, f, b 4 - ai, j, oa, ie, ee, or 5 - z, w, ng, v, oo, oo (little and long) 6 - y, x, ch, sh, th, th (little and long) 7 - qu, ou, oi, ue, er, ar
Crafty Jolly Phonics: Over 100 tips and ideas on how to

supplement your teaching of Phonic Sounds! Sonyja Murphy 2025-11-10 Young children enjoy crafting and taking the craft they made in class home to show everyone. The craft is a physical representation of the new sound they learned that day. Activities and games are another way of consolidating upon children's letter sound knowledge and skills. Let's play and learn, learn, and play. It's fun crafting with young learners as we move through the Jolly Phonics program of sounds. Training young learners to look for 'letter sounds' learned in class or at home, as they go from 'a to b' brings language learning to life. Learning our sounds becomes an enjoyable and memorable experience. With Jolly Phonics, each sound has its own action, song, and associated story. This 'many pathways to the brain' approach provides equal opportunities for all types of learners to make connections, whilst learning and playing. Contained within this e-book of mine you will find activity, craft

and/or game suggestions that you can use when teaching each of the 42 sounds, as taught using the Jolly Phonics program. The suggestions are often interchangeable. For example: the body part movements suggested for the /s/ sound below could be applied to other sounds too.
