Last Stop Auschwitz Eddy de Wind 2020-01-21

Written in Auschwitz itself and translated for the first time ever into English, this one-of-a-kind, minute-by-minute true account is a crucial historical testament to a Holocaust survivor's fight for his life at the largest extermination camp in Nazi Germany. "We know that there is only one ending to this, only one liberation from this barbed wire hell: death." -- Eddy de Wind In 1943, amidst the start of German occupation, Eddy de Wind worked as a doctor at Westerbork, a Dutch transit camp. His mother had been taken to this camp by Nazis but Eddy was assured by the Jewish Council she would be freed in exchange for his labor. He later found out she'd already been transferred to Auschwitz. While at Westerbork, he fell in love with a woman named Friedel and they married. One year later, they were transported to Auschwitz.

Upon arrival, Friedel and Eddy were separated -- Eddy forced to work as a medical assistant in one barrack, Friedel at the mercy of Nazi experimentation in a nearby block. Sneaking moments with his beloved and communicating whenever they could, Eddy longed for the day he could be free with Friedel . . . Written in the camp itself in the weeks following the Red Army's liberation of the camp, *Last Stop Auschwitz* is the raw, true account of Eddy's experiences at Auschwitz. In stunningly poetic prose, he provides unparalleled access to the horrors he faced in the concentration camp. Including photos from Eddy's life before, during, and after the Holocaust, this poignant memoir is at once a moving love story, a detailed portrayal of the atrocities of Auschwitz, and an intelligent consideration of the kind of behavior -- both good and evil -- people are capable of. Never before published in English, this book is a vital and enduring document: a testament to the strength of the human spirit, and a warning

against the depths we can sink to when prejudice is given power.

The Low Countries Jozef Deleu 1999 *The Low Countries* is a yearbook aimed at presenting to the world the culture and society of the Dutch speaking area which embraces both the Netherlands and also Flanders, the northern part of Belgium. The articles in this yearbook survey the living, contemporary culture of the Low Countries as well as their cultural heritage. It provides information about literature and the arts, but also about broad social and historical development in Flanders and the Netherlands.

WINNER, Business: Personal Finance/Investing,
2015 USA Best Book Awards FINALIST,
Business: Reference, 2015 USA Best Book
Awards Investor Behavior provides readers with
a comprehensive understanding and the latest
research in the area of behavioral finance and
investor decision making. Blending contributions

from noted academics and experienced
practitioners, this 30-chapter book will provide
investment professionals with insights on how to
understand and manage client behavior; a
framework for interpreting financial market
activity; and an in-depth understanding of this
important new field of investment research. The
book should also be of interest to academics,
investors, and students. The book will cover the
major principles of investor psychology,
including heuristics, bounded rationality, regret
theory, mental accounting, framing, prospect
theory, and loss aversion. Specific sections of
the book will delve into the role of personality
traits, financial therapy, retirement planning,
financial coaching, and emotions in investment
decisions. Other topics covered include risk
perception and tolerance, asset allocation
decisions under inertia and inattention bias;
evidenced based financial planning, motivation
and satisfaction, behavioral investment
management, and neurofinance. Contributions

will delve into the behavioral underpinnings of various trading and investment topics including trader psychology, stock momentum, earnings surprises, and anomalies. The final chapters of the book examine new research on socially responsible investing, mutual funds, and real estate investing from a behavioral perspective. Empirical evidence and current literature about each type of investment issue are featured. Cited research studies are presented in a straightforward manner focusing on the comprehension of study findings, rather than on the details of mathematical frameworks.
