Clive Pidgeon 2020-02-03 A Study Guide for the Operator Certificate of Professional Competence (CPC) in Road Freight 2020 is a vital study guide that offers the thorough preparation needed to pass the tough CPC exams in the UK. It covers the examination method used by the Oxford, Cambridge and RSA (OCR) and the Chartered Institute of Logistics and Transport (CILT). This is the Level 3 standard qualification overseen by The Office of Qualifications and Examinations Regulation (OFQUAL) and the Welsh Assembly Government, which

A Study Guide for the Operator Certificate of Professional Competence (CPC) in Road Freight 2020 has been extensively revised to include all the new legislation. It covers the eight study sections that the directive requires: civil law; commercial law; social law; fiscal law; business; financial; management of the undertaking access to the market; technical standards and technical aspects of the operation road safety. It features many case studies, examples, diagrams and graphics. New to this edition: updated sections on operator licencing, drivers' hours, tachographs, vehicle testing, vehicle tax, vehicle registration, civil law, international driving and documentation.
