The Opening of the Third Eye Dr. Douglas M. Baker 2014-03-02 The Opening of the Third Eye: The human brain is a priceless computer lying perfectly maintained but almost silent! None of us uses the full potential of this amazing instrument, yet we all possess a secret 'trigger' for activating its mechanism. Called 'the Third Eye' in occult language, this 'trigger' can release a vortex of psychic energy for the extension of awareness in new dimensions, for speeding up or slowing down time as experienced on our planet, and achieving one hundred per cent personality integration. Dr. Baker reveals that the Third Eye derives its power from the pineal, pituitary and carotid glands, allied to 'whirlwinds' of energy known as 'chakras' or force centres. There are seven of these centres in the human body, their physical location being the base of the spine, the solar plexus, the spleen, the heart, the throat, the brow, and the top of the head. Five safe techniques for arousing the Third Eye are provided. They have been practised by the author 'without hazard and with many rewards for over forty years.' In our present condition we can only observe the outer surface of the planet, manifesting in gaseous, liquid and solid form. We are completely unaware of the subtler states of matter beneath these outward appearances. But the Third Eye reveals all underlying structures. 'This means that one could observe the termites in apparently solid wooden paneling; or, more constructively, man's inner organs could be observed and all traces of disease in them immediately recognised, with consequent enormous benefits to medical progress.'

The Third Eye Joel A. Yancey 2007-09 The author was born and raised in the Bedford-Stuyvesant, Crown Heights sections of Brooklyn New York, where he grew up with his grandmother, grandfather, mother and aunts. Throughout his life he would encounter the hardships of life that propelled him to learn the many valuable lessons and advice he ignored from the elders of his family. Later in life he would pay the consequences for not listening by going to prison, where most of his education began. The Third Eye Book of Jewels is based on personal experiences and life observations, learning from his own mistakes as well as others. It's full of wisdom. Pain teaches you many lessons, and without it, this book would not have been written. The book will make you think and reconstruct your mind and actions. Last but not least, it's direction will keep you focused on the most important thing-your life and those you love. The author now resides in Pennsylvania with his wife and three daughters.

The Third Eye JRB Ross 2019-10-16 How does it feel to see what others don't see, hear what others don't hear, and feel what others don't feel? To have no place to hide, no place to escape, no one to turn to, and no one who understands.... Fasten your seat belt as we go on a journey packed with horror and thrill... Get ready to see the world through "The Third Eye". A third eye is a higher type of consciousness that opens your soul towards another dimension that ordinary people cannot perceive or see. It does not necessarily mean that a physical eye appears in your forehead or in the middle of your two eyes. Instead, it is a state of heightened senses, enabling a human being to have visions, clairvoyance, ability to sense or see spirits and evil entities, or do astral travel (out of the body). Most people whose third eye are open suffer anxiety, insanity, and rejection since ordinary people could not relate to the horror they have to face. A near death experience or a traumatic event are some causes for a third eye to open. Some people are born with the "third eye" open, while some were intentionally awakened by expert mediums.

The Third Eye Gian Kumar 2022-04-12 This book will enthrall and enchant every serious spiritual seeker who wishes to know the beyond of all beyond. The Third Eye takes you beyond spirituality, distancing the self from its doing, towards a higher knowledge where you are neither the observer, knower, doer, enjoyer nor the experiencer. You are neither the physical nor the mental being, for they are but temporarily yours. appearing and disappearing in that ocean of awareness. You are that formless, eternal presence of universally aware energy performing the Lila of life as the witness, which radiates through its field of consciousness. The subject of spiritualism is indifferent to the world of emotions. It goes beyond passion and compassion into dispassion; it is sensitive to all as one. Through this sublime subject, Gian Kumar takes you away from those scriptures prescribed by Krishna, Jesus or Buddha into a state of non-being, beyond space and time, entrapped in an individualized soul, and shows you the role it plays during the making of what you are. You, as the spirit, do not transmute but only watch in silence - beyond all efforts and methods - effortlessly witnessing all that is around.
