The Homeward Bounders Diana Wynne Jones 2012-01-31 If he finds the right world, Jamie can get Home again. When Jamie stumbled upon the powerful Them playing Their mysterious games, They threw him out to the Boundaries of the worlds. Since then, he's been yanked from world to world, doomed to wonder in hope of one day finding his way back to his own city. Bit by bit, though, Jamie realizes there are rules They have to play by. He forms an alliance with two other lost Homeward Bounders—bitter, powerful Helen and demon-hunter Joris—and takes a desperate chance, hoping that the three wanderers can find a way back to their home worlds at last. Once he becomes a pawn in a game played by a powerful group he calls Them, 12-year-old Jamie is repeatedly catapulted through space and time.

Aunt Maria Diana Wynne Jones 2012-01-31 In Cranbury-on-Sea Aunt Maria rules with a rod of sweetness far tougher than iron and deadlier than poison. Strange and awful things keep happening in Cranbury. Why are all the men apparently gray-suited zombies? Why do all the children—if you ever see them—behave like clones? And what has happened to Mig's brother, Chris? Could gentle, civilized Aunt Maria, with her talk and daily tea parties, possibly have anything to do with it? Diana Wynne Jones once again has created a fantastic, magical world. Her brilliant storytelling and wonderful sense of humor totally involve the reader in the lives of a lovable young heroine and a villainess readers will love to hate.

Power of Three Diana Wynne Jones 2012-01-31 Ayna could predict the future. Cari could find what was lost. Gair thought he was ordinary. The three children of Gest, the chief of Garholt, know the perils of the Moor on which they live. The Dorig, their people's enemies, are cold-blooded, fierce underwater creatures who terrify anyone unlucky enough to happen upon them. The Giants are dangerous and violent. But it's not until their home is invaded that Gair learns of a dying curse that endangers all three peoples of the Moor. A curse that ordinary Gair, with the help of his extraordinary brother and sister, may be able to break, but only at the most dreadful risk to all three, and to the Moor itself.

The Horn Book Guide to Children's and Young Adult Books 2001

Diana Wynne Jones Teya Rosenberg 2002 Diana Wynne Jones: An Exciting and Exacting Wisdom is a collection of scholarly essays examining the work of British author Diana Wynne Jones, whose prolific contributions to speculative fiction span the past thirty years. A contemporary of such well known fantastic authors as Alan Garner and Susan Cooper, Jones is also a clear influence on more recent writers such as J. K. Rowling. Her humorous and exciting stories, many published for children but read by all ages, are also complexly structured and thought provoking. These essays - written by academics and independent scholars from Australia, North America, Europe, and Asia - present a wide variety of approaches to and ideas about Jones's work. This book will be of interest to Jones's many admirers and to those who study or appreciate speculative fiction and children's literature.

Mixed Magics Diana Wynne Jones 2009-10-13 Dapper, debonair, and wise, the great enchanter Chrestomanci has nine lives and a strong personality as well as strong magic. That personality reverberates in each of these four dazzling stories. A warlock tries to escape Chrestomanci's justice by fleeing to another world-with hilarious results. Cat Chant and Tonino Montana reluctantly join forces when Chrestomanci sends them on a visit that turns suddenly dangerous. The youngest best-selling dreamer needs Chrestomanci's help when she finds she can't dream anymore. And as the gods of an ever-so-orderly world try to destroy the young Sage of Dissolution, Chrestomanci lends a hand. Like Chrestomanci himself, acclaimed author Diana Wynne Jones has a graceful flair, which sparkles in the remarkable wit, imagination, and

intelligence of these fast-paced tales.

Four British Fantasists Charles Butler 2006-04-25 Four British Fantasists explores the work of four of the most successful and influential fantasy writers of the generation who rose to prominence in the "second Golden Age" of children's literature in Britain: Susan Cooper, Alan Garner, Diana Wynne Jones, and Penelope Lively. Drawing on history, archeology, social geography, anthropology, and postcolonial theory, as well as literary criticism, Butler provides a series of new perspectives through which to view these writers' achievements. He begins by highlighting some points of biographic coincidence (e.g. all four authors were children during WWII, all were born within a year or two of each other, and all attended Oxford University in the early 1950s-when C. S. Lewis and J. R. R. Tolkien were publishing their seminal fantasies) and questions if these factors play any significant role in the development of these fantasy writers. The author then uses this question as the springboard for a case study in the assessment of biographical and literary influence. The book also considers the role played by Britain itself in determining the shape and preoccupations of these writers' fiction. Britain is a land with a long history in which contemporary life is constantly juxtaposed with evidence of the past in the form of ancient buildings, historic sites, and archeological remains. By placing the work of Cooper, Garner, Jones, and Lively in the context of British culture and of their own time, Butler provides a key to their fascination with history, mythology, and magic, and to the ways in which that fascination has found expression in their fiction. Students of children's literature and of fantasy literature as well as readers who are interested in the lives of these four subject authors will find this an insightful read.

Then, to her horror, she encounters the ancient evil that four peculiar sisters have unwittingly woken -- and learns she is their only hope against a deadly danger. A ghost, uncertain of her identity, watches the four Melford sisters hatch a plan to get their parents' attention and slowly becomes aware of the danger from a supernatural power unleashed by the girls and their friends from the boys boarding school run by the Melfords.

Connecting Children with Classics Meagan Lacy 2018-03-14 This guide identifies hundreds of books that can help children develop into engaged readers. Children's librarians, collection development specialists in public libraries, as well as K-8 school librarians and teachers will choose from the best in children's titles. This unique readers' advisory and collection development guide for librarians and others who work with children focuses on readers and their needs, rather than simply categorizing books by their characteristics and features as traditional literature guides do. Taking this unusual perspective brings forth powerful new tools and curricular ideas on how to promote the classics, and how to best engage with young readers and meet their personal and emotional needs to boost interest and engagement. The guide identifies seven reader-driven appeals, or themes, that are essential to successful readers' advisory: awakening new perspectives; providing models for identity; offering reassurance, comfort, strength, and confirmation of self-worth; connecting with others; giving courage to make a change; facilitating acceptance; and building a disinterested understanding of the world. By becoming aware of and tapping into these seven themes, librarians and other educators can help children more deeply connect with books, thereby increasing the odds of becoming lifelong readers. The detailed descriptions of each book provide plot summaries as well as notes on themes, subjects, reading interest levels, adaptations and alternative formats, translations, and read-alikes. This informative guide will also aid librarians in collection development and bibliotherapy services.

The Other in the School Stories Ulrike Pesold 2017-03-27 In *The Other in the School Stories: A Phenomenon in British Children's Literature* Ulrike Pesold examines the portrayal of class, gender, race and ethnicity in selected school stories and shows how the treatment of the Other develops over a period of a century and a half. The study also highlights the transition from the traditional school story to the witch school story that by now has become a subgenre of its own. The school stories that are analysed include selected works by Thomas Hughes, Rudyard Kipling, Enid Blyton and J.K. Rowling.
