Classroom Assessment Dr Craig Mertler 2016-09-13 • Provides detailed information on · the functions of assessment; · how to construct, administer, and interpret the results of teacher-developed assessment techniques; and · how to interpret the results of externally developed instruments such as standardized tests. • Both traditional and newer, alternative assessment techniques are covered. • Advantages and disadvantages of each assessment technique are discussed. • A companion website helps both instructors and students obtain additional information on topics of special interest to them. • Numerous examples of the principles and procedures make it easy for students to understand the material. • The highly practical nature of this book stems from the focus on how assessment intertwines with other everyday activities in classrooms. • Measurement theory and computational procedures that are unlikely to be used by classroom teachers are de-emphasized, producing a textbook that provides comprehensive coverage without being unnecessarily technical.

The Rower's Almanac 2008-2009

Fat Envelope Frenzy Joie Jager-Hyman 2008 A former Ivy League admissions officer, Joie Jager-Hyman follows five bright and eager high schoolers—students from diverse ethnic, social, and financial backgrounds—as they each put their best foot forward on the road they hope will lead them to the hallowed halls of Harvard University. At once a remarkable true story of dedication, achievement, and heartbreak and a guide for success in an ultra-competitive environment, this important work deserves a place in the home of every family that has ever dreamed of receiving that coveted “fat envelope” in the mail. Jager-Hyman also offers a startlingly frank appraisal of the college admission process and the important roles race and class continue to play in a student's efforts to attend the best school possible.

El estilo e-portafolio Elena Barberà 2008 Adoptar un “estilo e-portafolio” supone estar atento y saber captar los momentos de inflexión en los que se modulan los hitos más importantes de nuestra vida. El “estilo e-portafolio” provoca la narración de una historia académica, profesional o personal, a través de documentos únicos.
