God's Bankers Gerald Posner

The Arkansas Banker 1921

The Shark God Charles Montgomery 2009-03-17 When Charles Montgomery was ten years old, he stumbled upon the memoirs of his great-grandfather, a seafaring missionary in the South Pacific. Poring over the faint text and faded pictures, he was entranced by the world of black magic and savagery the bishop described, and couldn't help

but wonder what drove the Victorian to risk his life among people who had shot, drowned, or clubbed to death so many of his predecessors. Twenty years later and a century after that journey, Montgomery sets out for the reefs and atolls of Melanesia in search of the very spirits and myths the missionaries had sought to destroy. He retraces his ancestor's path through the far-flung islands, exploring the bond between faith and magic, the eerie persistence of the spirit world, and the heavy footprints of Empire. What he discovers is a world of sorcery and shark worship, where the lines between Christian and pagan rituals are as blurred as the frontiers of fact, fantasy, and faith. After confrontations with a bizarre cast of cult leaders, militants, and mystics, the author, in his quest for ancient magic, is led to an island in crisis -- and to a new myth with the power to destroy

or to save its people forever. Alternately terrifying, moving, and hilarious, with overtones of Melville and Conrad, *The Shark God* is Montgomery's extraordinary and piercingly intelligent account of both Melanesia's transformation and his own. This defiantly original blend of history and memoir, anthropology and travel writing, marks the debut of a singular new talent.

Theology for the End of the World Marika Rose

2023-07-31 It feels like the world is ending. In the midst of apocalyptic times it's tempting to cling on tightly to what we still have. But what if our desire to save the world is part of the problem? Theology for the End of the World suggests that in responding to the deeply entwined systems of capitalism, racism and patriarchy we should stop trying to unearth a 'good version' of Christianity which stands opposed to these forms of violence and seek instead to reckon with the role that Christianity has played in making the world we now inhabit. How has Christianity shaped the histories of marriage and the family? How did Christianity invent race and give birth to capitalism?

Grappling with the ambivalent inheritance of Christianity, a tradition passed down by enslaved people and enslavers; by violent husbands, resourceful wives and courageous sex workers; by rich people and the dispossessed, the book suggests Christians should give up on trying to redeem the world - a social order founded on violence and exploitation - and seek instead to end it.
