**Cultural Anthropology: A Reader for a Global Age**

Kenneth J Guest 2017-11-16  
Best-selling author Ken Guest presents the essential readings and diverse voices that will help students understand their rapidly globalizing world. This concise, affordable reader is designed to complement any introductory syllabus and is the perfect companion to Guest's market-leading texts.

*Field Ethnography* Paul Kutsche 1998 For undergraduate-level courses in Ethnographic Field Methods and Introduction to Cultural Anthropology. Unlike other ethnographic field manuals

which are either written for the graduate or professional levels or are narrowly restrictive in their methodological approach this manual focuses specifically on the needs of introductory-level students. It takes them by the hand and leads them step-by-step through the entire process through tasks that range from simple to complex and that invite students to use their own lives as tools to understand various categories of culture. This task-oriented and reflective approach makes this the first field manual to emphasize the investigative instrument (the ethnographer) as well as the cultural situations, informants, and techniques of analysis.
