

Practical Guide Quantitative Finance Interviews

Practical refers to a person, idea, project, etc, as being more concerned with or relevant to practice than theory: he is a very practical person; the idea had no practical application. A stapler is a practical object — it has a use. A hand-crocheted stapler cozy designed to keep a stapler warm at night? Not practical at all. If you say that a person is practical, you mean the person behaves in ways that relate more to the realities of the world than to ideas or desires: Practical refers to a person, idea, project, etc, as being more concerned with or relevant to practice than theory: he is a very practical person; the idea had no practical application. You describe people as practical when they make sensible decisions and deal effectively with problems. Definition of practical adjective in
