Play the virtual drum kit using your computer keyboard. Then apply your new skills to real drums. Drums consist of at least one membrane, called a drumhead or drum skin, that is stretched over a shell and struck, either directly with the player's hands, or with a percussion

mallet, to produce sound. ... Drum, musical instrument, the sound of which is produced by the vibration of a stretched membrane (it is thus classified as a membranophone within the larger category of percussion instruments). You can play virtual drum sets inspired by legendary drummers, or design your own custom drum kits with ease. Virtual drums are more than just drum games, they can help you learn about percussion ...
