**Father-Daughter Succession
in Family Business** Paul W.

Thurman 2016-04-22 To whom
does a father, retiring from his
life as a successful
entrepreneur, pass control of
the business he has built? Once
it would always have been his
eldest son, but increasingly
women are becoming involved
in family firms having risen to
positions of influence and
leadership. Using revealing
case studies from the
daughters who succeeded their
entrepreneur fathers in a wide
variety of challenging
situations, cultures and
continents, *Father-Daughter
Succession in Family Business*

discusses the changes which
have led to daughters gaining
influence in more and more
family businesses. It looks at
the tensions this succession
can produce between old
notions of how men and women
should behave, and the new
style of leadership that often
comes about when a woman
takes the helm. This book will
help consultants, business
educators, and researchers, as
well as those who are
themselves involved in
significant family managed
enterprises to better
understand why it can no
longer be assumed in any part
of the World that the first born
son will take over the reins of
the family business.

A Parent's Guide to the

Internet Natalie Walker

Whitlock 2003 Called the most
important human invention
since fire, the Internet has
rapidly transformed our
society. For the children of
today, there has never been a

world without the Internet; it is as much a part of normal life as trips to the library were for their parents. Readers do not need any special background or experience with the Internet to get the full benefit of this book. A Parent's Guide to the Internet, 2nd Edition offers readers fun, educational projects to do with their children, as well as background information on websites, email, instant messaging, chat rooms and more. The American Library Association calls the book, "An imaginative and valuable resource." Book jacket.

Making YouTube Videos
Nick Willoughby 2019-10-01
Everything kids need to create and star in their own video! YouTube has won the hearts, minds, and eyes of kids around the globe. Young people everywhere are making their mark on this popular platform—some of them even gaining massive followings,

worldwide recognition, and the paychecks that come along with it. While lots of youngsters are happy to be spectators, others are hungry to create and star in YouTube content of their own—and this book shows them how. Written for kids in a language they can understand, this book helps budding filmmakers and producers create their own videos—no matter the subject. It offers creators the insight on how to plan and shoot quality videos, install and use video editing tools, and post the final product to YouTube. Apply tricks that pro filmmakers use for better shots, lighting, and sound Edit your video, add transitions, insert a soundtrack, and spice things up with effects Shoot and share your video gaming exploits Share finished videos with family, friends, and the world For any kid interested in joining the YouTube revolution, this book is the perfect place to start!
